10 Water Lines Break In City

South-end Supply Roiled

Upped Pressure Brings Trouble

Ten of Mansfield's 77-year-old water lines broke last night, muddying the water in hundreds of homes in the south end of the city.

The breaks occurred when the water pressure was upped a little while a connection was being made into the 24-inch line from the Clear Fork reservoir to the Woodland reservoir.

Fred E. Lingafelter, secretary of the garbage and water department, said the leaks had not contaminated drinking water despite the muddy appearance.

O. C. Kalbfleisch, superintendent of the waterworks, said the service lines "probably would have broken next week anyway."

He gave the location of the breaks as the Lexington avenue, South Main and Glessner avenue district.

INSTALLED IN 1872

"Some of those lines were installed in 1872 when the city water system was put in. When you dig up those pipes they're just paper thin. You sometimes wonder how those pipes can hold the pressure," Kalbfleisch said.

Kalbfleisch added that all last night's breaks occurred at "old breaks." He explained that the rusty water was caused by a reversal of flow through the pipes, caused when the water was pumped directly into the lines last night during the line connecting operation.

B. V. BeVier, city sanitary engineer, labeled the line connection as a "practice operation," and said the reservoir was cut off from the system so the 24-inch line could be connected. The direct pumping into the three-quarter-inch lines in the south end caused a surge of pressure and accounted for the breaks, he said.

Kalbfleisch said 50 to 60 pounds is the normal pressure load for the south end of the city. The waterworks superintendent added that between 15 and 20 feet of new pipe will be installed at each break.

Crash Kills Legislator

ALBUQUERQUE, N. M — (UP) — Rep. Robert L. Coffey jr., D., Pa., who rose from the job of coal miner to become a war hero and a congressman, was killed last night when his jet fighter plane crashed during a takeoff.

Coffey, a dashing, 30-year-old colonel in the Air Force Reserve, was killed instantly when his speedy "Shooting Star" crashed at Kirtland Air Force base here.

Public information officers said the plane rose from the field, climbed about 25 feet and nosed suddenly into the ground at terrific speed.

Officers said the crash apparently was caused by a power failure, and began an immediate investigation.

Coffey had been one of the war's outstanding heroes, and was elected to his first term in Congress last November.

Before turning to politics Coffey was an air force officer by profession, but before that, he was a coal miner. A member of the United Mine Workers, he had worked at almost every job in the pits, from coal loader to engineer.

Crash Proves Fatal

CINCINNATI — (AP) — John Atkins, 45-year-old grocer, was killed yesterday when his small airplane struck a tree and crashed as he attempted to land at the Lakewood airport in the Mt. Healthy section of Hamilton county.

Terminate Contract

WASHINGTON — (INS) — The Southern Coal Producers association today terminated its wage contract with John L. Lewis' United Mine Workers effective June 30. Joseph E. Moody, association president, proposed to the UMW chief that "arrangements be made promptly" for a negotiating conference to work out a new agreement.

3 Flooded Highways 'Vacated'

Reservoir Area Roads Abandoned

Three sections of highway in Richland county, made impassable by the rising waters of Clear Fork reservoir, were given back to the fish yesterday afternoon.

At a public hearing, attended by 10 residents of the reservoir vicinity, the county commissioners voted to vacate parts of Aten road, Stowler road, and State Highway 545 (Mansfield-Marion road). The residents entered no protest.

Vacating of the roads will become effective when the state officially abandons the submerged section of Route 545.

The commissioners asked the state highway department to reroute highway 545 over State Highway 97, Gass road and the Lexington-Ontario road instead of abandoning 545 completely as had been suggested.

Approval of relocation of a part of State Highway 97 also will be sought. The city of Mansfield is financing the construction of the relocation which would take Route 97 out of an area now threatened by flooding with water in the reservoir.

Approximately $40 000 is being spent on the relocation project.

Kenneth Jenkins, Morrow county engineer, asked if his county should vacate roads leading to the reservoir area or keep them open to give access to possible recreation sites.

He was given no direct answer.

Mayor Roy W. Vaughn said recreation at the reservoir was of secondary importance. Following the meeting the mayor revealed that he had discussed with a representative of the State Highway department the possibility of erecting roadside parks in the area.

Offers Free Houses, Lots To Newcomers

LISBON — (AP) — Want enough free bricks to build a house? And a lot to put it on?

See Fred H. Johnson sr., 60, at nearby Summitville. He will explain the offer and "the catch" in it.

Johnson wants Summitville (pop. 150) to grow into a model village.

"To achieve that," he says, "I have a standing offer to give away enough brick to build a home to anyone — (now the catch) —who wants to come down here and live and work in the town."

Only takers so far have been Johnson's two sons, Fred H. jr., and Peter C. Their houses are almost finished.

Johnson adds he has some lots to give away to interested and reliable applicants.

Summitville is located on route 644 near the Pennsylvania railroad in Columbiana county about 20 miles southwest of here. Johnson operates a brickyard there, employing 75 persons. He's mayor of the town.

Chief Lowers Boom On City's Gaming

EAST LIVERPOOL — (UP) — Police today lowered the boom on gambling here, especially in stock market numbers and slot machine rackets.

Police Chief Leroy J. Wise ordered the cleanup which so far has put 13 persons in jail and has closed several gambling spots.

Witnesses Fail to Show Up

Issue Warrants For 3 Persons

Warrants were issued today for the three principal witnesses in the cases against six persons arrested in the March 25 police raid on a purported house of ill fame at 96 East Sixth street.

The three failed to appear in court today after receiving subpoenas to appear at 9:30 a. m.

City Solicitor C. J. Kalbfleisch was ordered by Municipal Judge H. H. Schettler to cite Thomas J. Scott, Robert Phillips, and Ronald Bullock, all of Ashland, to show cause why they are not in contempt of court.

Because the witnesses were not present, Schettler continued the trial of the six defendants tentatively until May 10. Bond for the absent witnesses was set by the judge at $500 each.

CASE CONTINUED

The case against all the principals in another raid at a purported house of ill fame March 26 at 255½ North Main was continued until May 3. The case of the 48 arrested for loitering at the Main street house were continued by Judge Schettler until May 5.

Scott had signed an affidavit charging assault and battery against Sterling Scarborough, 96 East Sixth street, and William Eans, 274 North Franklin avenue. Scarborough and Eans also are charged with keeping and operating a house of prostitution at 96 East Sixth street.

The defendants other than Scarborough and Eans appearing in court today in connection with the East Sixth street raid were Mary Schoolfield, charge; residing in a house of prostitution; James Schoolfield, residing in a house of prostitution; Patricia Williams, engaging in prostitution, and Judy Williams, engaging in prostitution.

All gave their address as 97 East Sixth street. Attorney Theodore Lutz appeared as counsel for the defense. All defendants entered pleas of innocent during this morning's session.

May Term Jury Drawn

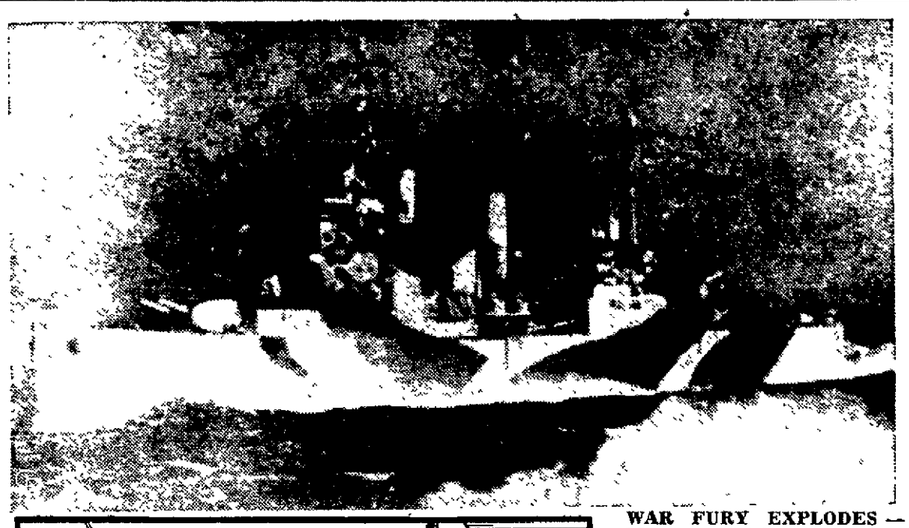
The Richland county grand jury for the May term of court was drawn yesterday afternoon at the courthouse.

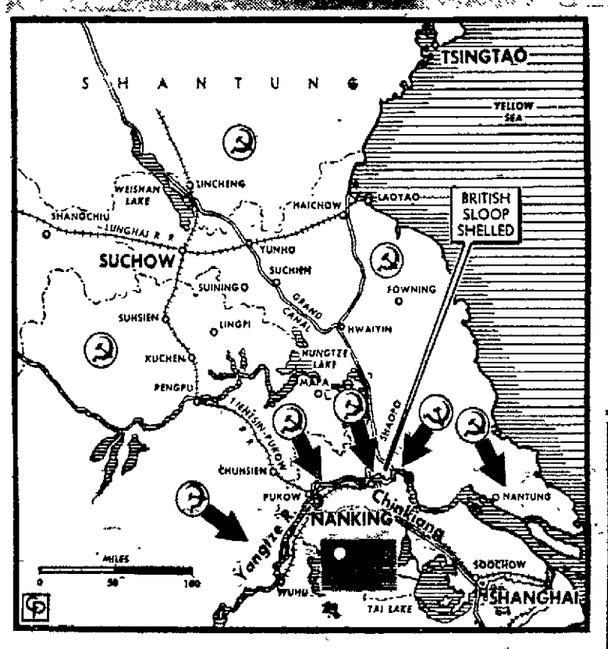
Common Pleas Judge G. E. Kalbfleisch has set May 3 for convening the grand jury.

The 15 persons drawn to serve on the grand jury were:

Henry H. Schmitt-Matzen, 112 Rowland avenue, John F. Scheu, 110 Blymyer avenue; Richard B. Holloway, 570 West Third street; Judson Day, Mansfield, R. D. 4; Mrs. Nona Moyer, 23 North Mulberry street; J. R. Gortner, Lexington, R. D. 2; Andrew Johnson, 330 Bowman street.

Romaine Sneeringer, 501 Sloane ave. John Lewis Oswalt, Lucas; Mrs. Elizabeth Bauer, 663 School road; Elmer H. Desterhaft, 566 Acker drive; William R. Kuhn, 425 Marion avenue; Harold Boyce, 522 Beethoven street; Mrs Martha K. Hart, 350 Sturges avenue; John J. P. McKenna, 122 West Fourth street





WAR FURY EXPLODES — More than 1,000,000 Chinese Reds launched an all-out attack across the Yangtze river early today, hurling back defending Nationalist forces of 500,000. Crucial points in the fighting are shown on the map at left. The cruiser London (above) was fired on today as she sped to the aid of the crippled Amethyst, disabled by Red artillery fire yesterday. The London and a sister ship, the Black Swan, were unable to complete their mercy errand due to heavy fire from shore batteries. Official figures showed 27 dead and 47 to 52 wounded aboard the British vessel.

Survived Freezing Nights

Mute Child Found After 2-Day Search

CLAIRFIELD, Tenn. — (UP) — Blonde seven-year-old Wanda Moore was found alive this morning in mountainous country about four miles from her home. She had wandered in the mountains for two nights in freezing temperatures.

Word reached the village of Clairfield from one of the search parties that the girl was alive. She had not been brought out of the wild country near the No. 1 mine of the Virginia-Jellico Coal company, and it was not known immediately if she were ill or hurt.

T. R. Mitchell at the coal company store at Marion, said a party of men had come to join the search party that found the girl and to bring her out of the mountain.

The sheriff's office said it had been informed Wanda was "in good condition."

For two nights and a day, more than a thousand miners and mountaineers had crisscrossed a rough, heavily-wooded mountain area, searching for the little girl.

Wanda, who had never attended school, was unable to talk or cry for help. Illness when she was a baby left her unable to speak.

The sheriff's office said two coal miners, Hubert Parrott and Bud Huddleston, found Wanda after an all-night search.

Wanda was last seen near the Moore home, a four-room frame structure, early Tuesday evening.

Mrs. Moore, 37, was confined to her bed, in critical condition and under a doctor's care. she had just given birth to her seventh child last Saturday. The oldest Moore child is 12.

As word of the missing girl spread, the search party grew to some 1,500 men. Claiborne county Sheriff Dan Chumley estimated that at least 1,000 stayed with the hunt throughout last night.

Crash Hurts Two Cyclists

Two Mansfield motorcyclists were injured last night in a collision with a car at Marion avenue and Maple street.

The injured, identified by police, were Curtis Brown, 21, Mansfield, R. D. 3, and Miss Velma Merwine, 19, of 21½ East Fourth street. Both suffered contusions and abrasions of the arms and legs when their motorcycle was struck by a car, driven by Arthur LeBerth, 73, of 146 Harker street.

Brown and Miss Merwine, a passenger on the motorcycle, were treated at General hospital and released. LeBerth, arrested by police for failing to yield the right of way, pleaded innocent in municipal court today. Hearing was continued to April 27.

Red Hints Evacuation

Claims Russians To Leave Reich

BERLIN — (INS) — A Soviet zone German official said today that Russia is planning to withdraw all its occupation troops from Germany, regardless of what the western allies may do.

The official, who declined to be identified, but who occupies a high policy-making post in the Russian zone, said that the Soviet plan will be made in a proposal to the communist-sponsored German Peoples council.

Such a move would represent a marked departure from previous Soviet policy, which has been that all four occupying powers should withdraw their troops from Germany simultaneously.

But the new Soviet plan would still keep east Germany under Moscow's thumb, substituting a government for the Soviet military administration.

The plan, as described by the German official, provides that an east German state be set up through the communist-controlled "Peoples' council."

Meanwhile, western sources in Berlin continued to discount reports that the Soviets are preparing to lift the blockade of Berlin shortly.

End Nearing for Tax Repayments

CLEVELAND — (AP) — Uncle Sam is nearing the end of a mammoth job of getting refund checks for 1948 income taxpayers in the mails from the Treasury's disbursement office here.

"We expect to be through the end of this week, and by the end of next week all the checks should be in the mails," said C. C. Fitzgibbons assistant regional disbursing officer.

'Most Eligible'

HOLLYWOOD — (UP) — Thrice-married actress Joan Crawford today was named "the most eligible bachelorette in America," just a step ahead of Margaret Truman.

Shells Blast More British War Vessels

(Compiled From Wire Services)

Chinese communists hurled more than a million troops into the Yangtze attack today as the Nationalist government sped an aerial evacuation of government offices to the ancient city of Canton.

While bridgeheads were being secured on the south bank of the river, two more British ships, the London, a cruiser, and the Black Swan, a frigate, were blasted by Red shore batteries. Both vessels were on a mercy errand, rushing to the aid of the sloop Amethyst, disabled by Red artillery yesterday.

Casualties aboard the two ships brought the two-day toll to at least 42 dead and 100 wounded British sailors.

The British naval spokesman said both the London and the Black Swan were returning to Shanghai, where they were due some time tonight.

A radio message from the London said the heavy cruiser and the Black Swan were "withdrawing" from the scene because "all signs of our peaceful intent have been disregarded and heavy fire has been opened from the (north) shore."

"This fire was effectively returned," the message added.

It said any continued attempts to reach the stricken Amethyst could be made "only at the expense of considerable casualties" since there was no sign that the communist barrages against nationalist forces were abating.

Amid mounting international tension resulting from these incidents, the British cruiser Belfast and the destroyer Constance were dispatched from Hong Kong to Shanghai to reinforce Britain's protective units in the lower Yangtze.

ADMIRAL MADDEN

FLEE BY AIR

The Chinese Nationalist government decided to flee Nanking by air after 30,000 communist troops crossed the Yangtze river 50 miles southwest in the opening thrust of a major offensive that threatened to surround the Nationalist capital.

Up to 1,500,000 communist troops along a 400-mile stretch of the Yangtze were hurled into battle in a broadcast order of the day instructing them to seize all of Nationalist China. Facing them on the river line were 500,000 Nationalist troops.

Unofficial reports said the spearhead of the attack stormed the Yangtze last night and established a bridgehead on the south bank near Wuhu, 50 miles southwest of Nanking.

Five thousand communists crossed the river in the initial assault, these reports said, and the entire attacking force was estimated at 30,000.

Another powerful communist force attacked across the river from Nanking and captured Kiangpu, Nationalist outpost guarding the northwest approach to the capital. Kiangpu is only seven miles from Nanking.

Communist capture of Kiangpu left them no more obstacles to reaching the north bank opposite the capital. Nanking residents expected to find the communist forces massed on the opposite river bank by tomorrow morning at the latest.

(Reuters reported from Nanking that 2,000 communists failed to get ashore in the river-crossing near Wuhu and that bodies and debris from communist river craft, smashed by Nationalist artillery, floated down the Yangtze to Wuhu).

Study New Vet Bills

WASHINGTON — (UP) — The House Veterans committee plans to consider a bill soon to increase veterans' compensation and pension checks by 25 per cent.

Chairman John E. Rankin, D., Miss., said today that hearings on this measure and six other veterans' bills will begin "as soon as the pension bill is disposed of, and some minor non-controversial bills passed by the Senate have been considered.

Under the new Rankin bill to increase compensation, a veteran with general disabilities rated 100 per cent would have his monthly check increased from $138 to $172 per month. A badly wounded man with statuatory awards for extra handicaps could draw a maximum of $450 instead of a top of $360 as at present.

Rankin has already asked veterans' organizations and the veterans administration to be prepared to testify on this bill and the other new measurers coming up.

HOLD UP LOAN FIRM

YOUNGSTOWN — (AP) — Two men held up the Collateral Loan company here yesterday.

Royall to Quit Post

WASHINGTON — (INS) — President Truman may announce the retirement of Army Secretary Kenneth Royall at his weekly news conference this afternoon.

Royall's resignation from the defense establishment has been on the president's desk for several weeks.

Royall's departure from the "little cabinet" defense setup is expected to be followed within a few weeks by a second major "little cabinet" change involving the post of secretary of the navy.

Navy chief John L. Sullivan has had his resignation in the president's hands for the past six weeks. Sullivan is understood to have no special desire to leave the cabinet other than he feels that the defense establishment, under Louis Johnson as the new secretary of defense, should be reorganized to permit Johnson to put in his own team.

Sullivan, under the new conditions, has signified to the president a willingness to step aside to return to his law practice in civil life

No change is expected in the office of secretary for air which is held by W. Stuart Symington. It is understood that Symington, an ardent advocate of strong air defense, is acceptable both to the president and secretary Johnson.

No successor has yet been decided on either for secretary of the army or secretary of the navy.

SOUTH BEND, Ind. — (UP) — A strike by 7,500 CIO United Automobile Workers at the Bendix Aviation plant here threatened today to close two Nash automobile plants in Wisconsin.

Young Porky Braves Wilds Of Cleveland

CLEVELAND — (INS) — How a young porcupine got to the top of an elm tree on Cleveland's east side is a big mystery to Cuyahoga county officials today.

Deputy county Dog Warden Henry Anna removed the animal, which is of the rodent family, yesterday. He said that it had lost a few of its sharp erectile spines which cover the animal's body.

Henry F. Leffingwell, director of the Animal Protective league, said that "it's the first porcupine I've seen in 20 years."

'Easy Money' Scheme Promises Big Pay-off

Pyramid Club Racket Lures Hundreds In City

The "get-rich-quick" lure of Pyramid clubs is drawing hundreds of Mansfielders into this new version of the old chain letter racket, it was reported today.

One Mansfield woman said her phone has rung repeatedly the past few days as friends urged her to join their "pyramid."

Another woman reported six pyramid meetings were being held in one evening in Mansfield. She said some Mansfielders were attending two and three different meetings an evening.

Once Pyramid clubs get started their membership increases rapidly, since each new member must get two other persons to join in order to keep the pyramid growing until he moves to the top and it is his turn to "collect."

Most Pyramid clubs in Mansfield charge members one dollar to join. However, in Cleveland the fee has risen to two dollars per member.

The clubs operate on the basis of a series of parties with the host providing the entertainment and a monitor collecting the money which is delivered to the person at the head of the list. The host is usually "number five" down from the top.

Although most Pyramid club members are convinced they will win eventually, they are a little vague as to just how the system works.

One said a diagram of a pyramid is used for each club with members' names lettered on the block. A new member starts at the bottom corner block of a pyramid and his name moves across and up to the top as other members join.

The new member is told he will collect as much as $2,000 when his name reaches the top.

AFL Chief Backs Added Social Security Move

WASHINGTON — (INS) — President William Green of the American Federation of Labor yesterday termed expansion of the nation's social security system secondary only to congressional repeal of the Taft-Hartley act.

Testifying before the House Ways and Means committee, Green endorsed in full the broadened social security and aid to the needy legislation sent to Congress by President Truman.

The labor chieftain told the committee:

"I assure you at the outset that those I represent regard social security as of paramount importance.

"While it is true that today we are harrassed by oppressive laws passed both by the 80th Congress and by a number of state legislatures and the removal of these laws from the statute books remain our number one objective, I can recall no issue which has been more consistently and repeatedly brought forth in our conventions or the conventions of our state federations of labor and emphasized by affiliated unions than this issue of social security."

Green asserted that union members are ready and willing to pay increased costs of a broader security program.

Green commented:

"Labor has declared itself repeatedly in favor of an increase in the contribution rate. There could be no clearer indication that the workers of America not only understand the requirements of our social insurance system but that they are ready to pay their fair share in the increased costs of an improved system."

Green advocated that Congress periodically review the social security set-up to determine whether further changes are necessary.

Final Bike Registration Set Saturday

Bike registration for the last of the four sections of the city will be held from 9 a. m. to noon Saturday at the police garage on Walnut street, Identification Officer Paul Martin said today.

This registration will be for those living north of Park avenue west and west of North Main street. Any bike riders who lives in the southwest section may register too, Martin said.

Last Saturday 50 bikes were registered from the southwest section, but because of the cold, rainy weather Martin extended the registration of this area to this week.

In case of rain Saturday, the registration will be postponed to next week.

Warns Woman To Hurry Up With Answer

COLUMBUS — (UP) — A 42-year-old Columbus bachelor today warned Mrs. Elena Lebaron of Salt Lake City that his offer of marriage will not be open indefinitely.

Franklin Holmes, who offered to marry the husband-seeking mother of eight last week, said he has not received any reply to his telegram.

"It's been a week now since I wired Mrs. Lebaron," Holmes said. "I don't know what happened or why she hasn't answered. But I'm not worried.

"However, I'm not going to keep the offer open indefinitely I'm still looking and if she doesn't hurry, I may find somebody else."

Johnny Groth Looks Like Baseball Phenomenon

Yankees and Tigers Share American Top

By JACK HAND, Associated Press Sports Writer

Johnny Groth looks like the hottest rookie to hit the majors since Joe DiMaggio, Ted Williams and Stan Musial.

Sure, it's too early to tell. Two days don't make a season or a career. But what a two days this 22-year-old Detroit freshman had.

Three home runs, five hits and seven runs batted in. That's a flashy showing that needs take a back seat to nobody.

The $35,000 the Tigers shelled out as a bonus to Johnny when he got out of the Navy at Great Lakes may have been their best investment. At least, one $52,000 product, Dick Wakefield, is riding the bench these days.

Groth exploded a chorus of hurrahs Tuesday with two homers off Chicago's Al Gettel. That overshadowed Hal Newhouser's fine three-hitter.

Yesterday he almost blotted out Virgil Truck's four-hitter with a grand slam homer that gave Detroit a 5-2 edge over the White Sox.

Randy Gumpert, the ex-Yankee, held a 2-1 lead in the last of the eighth when he lost his stuff. A walk to Aaron Robinson loaded the bases, bringing a conference between Manager Jack Onslow and his pitcher. Onslow decided to stick with Gumpert. Seconds later he wished he had another chance.

Gumpert threw two wide pitches to Groth and then got one over. Groth hit it 280 feet into the left centerfield stands to clean the bases. Earlier Groth drove in a run with a double.

TOMMY CONNECTS

An old-timer did the honors for the New York Yankees in their 3-0 second straight win over Washington. Tommy Henrich, one of the few genuine Yanks still able to play, snapped a scoreless duel between Vic Raschi and Paul Calvert with a fourth-inning homer. It was his second of the year, his first accounting for the Yanks' opening day success.

Everybody said the Boston Red Sox couldn't possibly get away as slowly as last season, but they're giving it a good try. Joe McCarthy's Sox were beaten by the Philadelphia A's for the second straight day, 3-2 in 10 innings.

Cleveland, although disturbed about Bob Feller's shoulder trouble, knocked out three pitchers in thumping the St. Louis Browns, 7-3. It was the first victory for the world champs with Bob Lemon, a 20-game winner in '48, going all the way despite homers by Dick Kokos and Rookie Jack Graham.

Puddin' Head Jones, the Philadelphia Phillies rookie hot shot, tied a modern major league record with four doubles, but they couldn't keep the Phils from losing to the Boston Braves, 6-5. Bill Nicholson of the Phils and Earl Torgeson of the Braves homered in a free-hitting contest that saw reliefer Nels Potter take his second win of the season. Jim Konstanty, the Phils' new mopper-upper, lost.

The speedy Brooklyn Dodgers walked to victory against the New York Giants, 6-2. Loser Sheldon Jones gave only one hit before he was replaced in the fourth but he walked seven and wild pitched twice. Despite a home run ball to Sid Gordon, Ralph Branca was in charge all the way, scattering four Giant hits.

Top National league pitching effort came from Chicago's Bob Rush, the 23-year-old sophomore, who shut out Pittsburgh, 4-0. Murry Dickson, the ex-Cardinal whose sale to the Pirates prompted such an uproar from Manager Eddie Dyer and his players, was nicked for all the runs in his six-inning stay.

St. Louis and Cincinnati were not scheduled.

Ex-Ohio State Coach Passes

ATHENS — (AP) — Robert S Wood, former Ohio University football coach, died yesterday in Columbus where he was employed by the state bureau of unemployment compensation He was 62.

Wood was found dead, apparently from a heart attack, at the home of his sister-in-law, Miss Loretta Scanlon.

He coached Ohio University's first Ohio conference football team in 1909 and 1910 He was assistant coach in 1920-21 He served two terms as mayor of Athens starting in 1930.

Women's Pin Prize Money Stretches In Tournament

COLUMBUS—(AP)—Thirteen thousand women bowlers will converge on Columbus in the next 41 days. And more than a half of them will leave with prize money.

That's the nice part about knocking down pins in the Women's International Bowling Congress. They've got a pretty fair chance of coming up with a prize—even if it's only one of the small ones.

Maybe that's why a record number of female keglers will participate in the annual classic starting today at Riverview Recreation.

The WIBC secretary says she thinks it's a good idea to pass those prizes around among as many women keglers as possible.

"We stretch out the prize list," Mrs. Emma Phaler said, "and we have more women go home happy. Women aren't like the men in bowling. Our members want to have a prize—even if it's only for $3."

The $3 prize may be the lowest awarded. But when you total up 1,005 of those lowest prizes, it figures out to a pretty fair share of the $83,784 total, especially when you consider the $3 prizes don't even start until the 3,001 place.

If a contestant finishes the tournament in any place between 3,001 and 4,005 in the singles she wins $3.

Mrs. Phaler reported 2,600 teams have been entered, 700 more than the previous record set in Milwaukee in 1942.

The winning team will receive $500 and medals; the doubles champs get $250 and medals; and the individual queen will be awarded a check for $150, plus a medal.

A team from Canajoharie, N. Y., and 29 Columbus teams open the rolling today.

Mansfield 'Am' Fighters Win Five of Seven

MARION — Mansfield Friendly House fighters won four of seven bouts in which they participated in the benefit amateur boxing show here last night.

Three of the Friendly House boys won by the knockout route, including Tom Weaver and Howard Carney who were in the two main events of the card.

Weaver won on a technical KO in the third round over Verlin White, Marion, in the semi-final. The final lasted only one minute of the first round as Mansfield's Howard Carney made quick work of John Collins of Marion.

Bill Eberhardt won his 21st fight in 26 starts by a decision over the scrappy Dick James of Marion. Cecil Wright, floored Gene Hunt of Marion twice in the first round and twice more in the second before Hunt refused to answer the bell for the third. Wright is one of the most promising boys in the F-H stable but threw his right shoulder out of place in his last two fights.

Friendly House boys losing last night were Budd McFadden, Ralph Grier and Link Briggs. McFadden, fighting his first bout, lost an unpopular decision to Bob Lowery of Galion after putting up a good battle. Briggs lost a split decision to Golden Glover Jack Seckinger, of Marion and Grier was knocked out in the second round after walking into a right hand thrown by Bill Sparks of Marion.

Claims Joe Louis Uses Fighters On Blacklist

LOS ANGELES — (AP) — The Olympic auditorium has called off a Joe Louis exhibition bout, claiming the retired heavyweight champion as a promoter is using fighters on the blacklist of the managers guild.

Matchmaker Baby McCoy who made the announcement did not name the fighters. Louis was scheduled to box Turkey Thompson May 10.

Hyland Orders Rest for Feller

ST. LOUIS — (UP) — Bobby Feller was placed on the shelf today for a week—and maybe longer.

Dr. Robert F. Hyland examined the Cleveland pitcher's ailing shoulder yesterday and then ordered the rest. The physician admitted, however, that it is still too early to decide whether the injury is of a permanent nature.

Light-Heavy Title At Stake May 23

CINCINNATI — (AP) — The light-heavyweight championship of the United States will be at stake here May 23 when Gus Lesnevich meets Joey Maxim.

Promoter Sam Becker said Lesnevich, Paterson, N. J. fighter, would be guaranteed $50,000 or 35 percent of the receipts. Maxim, a Clevelander, will get $15,000 or 25 percent of the gate, Becker added.

Both fighters and their managers came to Cincinnati yesterday to sign the contracts.

New Strictly Modern Double Construction Frame Semi-Bungalow On 2 Acres, 3 Mi. Out

This attractive 5-room house has every city convenience except natural gas and is one you should see if interested in a suburban property. It is very pleasantly situated in a practically new sub-division off Ashland Road. Many other new homes near by. The kitchen is large and equipped with large cabinet sink, wall and base cupboards, snack bar, and inlaid linoleum on floor. From the kitchen are doors and stairways leading to toilet room, basement and attached garage insulated and with roll up aluminum doors. Dining and living room are combined with an abundance of natural light from large picture window and several small casement windows. There is also a heatilator fireplace, guest closet, and short stairs to a floor level from which are two lovely bedrooms with closet and storage spaces. From this level another short stairs leads to a master bedroom, full bath, and large closet space. Throughout the house are hard oak floors, wormy chestnut trim, birch doors, all in natural finish which makes a pleasing combination. A deep walk-out basement has a coal fired forced air heating system thermostat controlled, deep well with Myers pressure system from which is all copper plumbing, 50 gal. electric hot water heater and laundry tubs. On the acreage are 25 apple trees, 75 small pines and many other trees and shrubs. The land is well drained, can be farmed or made into a beautiful landscaped garden. Meat Prices Edge Down This Week

Dealers 'Stuck' After Easter

(By Associated Press)

. . .Retail pork, lamb and veal prices started edging downward this week. Nearly all vegetables were lower. Dairy products were about unchanged.

Consumer meat buying at Easter time was "disappointing" in several cities, trade spokesmen said. When sales failed to come up to expectations, many sellers were left with larger than usual stocks on hand, and wholesale buying has dragged ever since.

Pork and lamb were affected most. Market spokesmen said many retailers were expected to feature pork this week - end, and that pork prices probably would decline even further next week. Hog livestock prices at Chicago this week reached the lowest level since October of 1946.

Increasing receipts of spring lambs were putting competitive pressure on the winter crop, forcing prices slightly lower. And veal prices eased in what an agriculture department source described as a delayed reaction to the arrival of spring vealers. "Veal should have started downward a couple of weeks ago when the new supplies began reaching good volume," he said.

Beef also was headed downward at wholesale early this week but the reductions were not reflected at the retail level today in most markets. Choice beef cuts were still a penny or two a pound higher than a week ago in some cities.

On the produce counters, only broccoli was reported generally higher in price this week. It was up as much as 15 cents a bunch in some places as supplies from California dropped off. Produce buyers were said to be limiting purchases of broccoli because competition from other, cheaper green vegetables for the consumer's dollar was growing.

Biggest price drops among the vegetables this week were in iceberg lettuce—down more than 5 cents a head in many markets as shipments from Arizona and North Carolina expanded — and asparagus which was being shipped from gardens as far north as New Jersey.

Tomato prices were described as "extremely variable with a wide range," but were a penny or two a pound lower in several large marketing centers.

New sweet potatoes from Florida were selling at about the same price as the remander of the old crop. Strawberries began arriving in volume from North Carolina, and the rhubarb season was under way in earnest with shipments reaching market from nearby gardens in many states.

Miner Dies In Cave-In

EAST LIVERPOOL — (AP) — A part-time miner was killed and the operator of the small pit managed to work himself free after they were caught under a roof fall in a "neighborhood" coal mine at nearby Pughtown, W. Va.

A 25-man rescue party of the rural community found Homer Rickard, 51, suffocated under tons of earth when they reached him after three hours of frantic digging in the hillside mine.

Floyd Thomas, 58, who operates the mine under lease, escaped with minor bruises but otherwise unharmed and rounded up a crew to make the rescue.

Neighbors had uncovered Rickard to his waist at one time but the roof caved in and buried the victim again.

Police Get New Cruiser

One of the police department's two new cruisers was delivered yesterday by Brandenburg Chevrolet company.

The Chevrolet sedan is being fitted with police radio and other special equipment and will be put into service by the traffic department in a coupie days.

A new Ford cruiser will be delivered to the police department in a few days by R. E. Moorhead, Inc.

Ohio Journalism Professor Honored

Professor George Starr Lasher, director and founder of Ohio university's department of journalism, will be honored in Athens this week end for his 25 years of service.

Graduates from all the years since Lasher came to Ohio university in 1924 are expected to attend the April 22-24 celebration. Four News-Journal editorial department members are former students of Professor Lasher.

If you want to stuff cabbage leaves with a meat-and-rice mixture be sure to remove the large outer leaves of a good-sized head of cabbage without tearing the leaves. Pour boiling water over the leaves to soften them so that they will not tear during the filling and folding.

Civil Service Jobs Paying $4,400 to $6,200 Now Open

Applications are now being received for two examinations for Civil Service positions, it was announced today.

The Board of U. S. Civil Service Examiners at the Veterans Administration district office, Columbus, has openings for a medical bacteriologist and serologist in Veterans Administration offices in Ohio, Kentucky, and Michigan. Salaries for these positions range from $4,469.60 to $5,232 a year.

The second examination, announced by the Board of U. S. Civil Service Examiners, Department of the Army, Louisville, Ky., is for the position of maintenance superintendent of quarter master equipment. Salary for this position is $6,235 a year. These positions are with the Jeffersonville Quartermaster depot, Jeffersonville, Ind.

Applicants for the positions of bacteriologist and serologist are not required to pass a written test, but will be rated on experience including service in the armed forces. The age limit of 62 will be waived for persons entitled to veteran preference and for certain war service indefinite employes serving in positions which would be filled from the eligible register resulting from this examination.

Applications will be received until further notice.

Further information and application forms may be obtained from George H. Hoover at the Mansfield post office.

14 Pay $135 In Traffic Court Cases

Five Booked For Speeding

Fourteen persons appeared in municipal traffic court yesterday for various traffic violations and were fined a total of $135 and court costs. One case was continued.

Four of five persons arraigned for speeding pleaded guilty and the fifth was found guilty by Municipal Judge H. H. Schettler.

Kenneth E. McFarland, Mansfield R. D. 1, admitted speeding and was fined $15 and costs.

Also entering pleas of guilty to speeding were Robert J. Cooney, Elyria, John H. Williamson, Bellville and Mannie Culliver, 317 East Third street. They were fined $10 and costs each.

Richard Hall, 437 Overlook road, was found guilty of speeding and was fined $10 and costs.

Pete Dominic Krizmanic, Hammond, Ind., pleaded innocent to a charge of leaving a disabled car on the road without proper lights. He was released under $50 bond. Hearing was continued to April 23.

Pleading guilty to a charge of unsafe operation of her car, June L. Teffeteller, 336 West Third street, was fined $15 and costs. Allen L. Clifton, 97 Hedges street, was found guilty of unsafe operation and was fined $10 and costs.

Jack C. Van Steenburg, 304 Fifth avenue, pleaded guilty to a charge of failure to yield the right of way and was fined $10 and costs. When he was found guilty on a charge of failure to yield the right of way, Walter P. Myers, 461 Van Buren avenue, was fined $10 and costs.

Willard H. Baxter, 380 Wayne street pleaded guilty to a charge of failing to yield the right of way to a pedestrian and was fined $15 and costs.

For operating a car with a temporary permit without being accompanied by a licensed driver, Lois Ataway, 142½ North Adams street was fined $5 and costs.

Vernon Cameron jr., Mansfield R. D. 4, admitted having an inadequate muffler on his car and was fined $5 and costs.

Mundt Asks Probe of UN

WASHINGTON— (UP) —Sen. Karl E. Mundt, R., S. D. yesterday recommended a congressional investigation of United Nations set-up to find out whether it is "funneling" spies and saboteurs into this country.

"We know of one flagrant case in which the United Nations structure concealed a communist spy," Mundt said. "It is time for us to find out whether that structure conceals more people who are trying to undermine our government."

Mundt said he has been pressing the House un-American Activities committee to make such an investigation. He was a member of the committee for several years while he served in the House. He said committee members "seem favorably disposed toward the idea," but have not made a final decision.

The "flagrant case" to which Mundt referred involved the recent arrest of Valentine A. Gubitchev, Russian UN employe. He was picked up in New York City with Judith Coplon, a Justice department worker.

A CUSUMBO ARRIVES—Marshall Taylor, Seattle, Wash., en route home from Ecuador, holds his pet cusumbo, a species of bear, as he waits at Chicago airport between planes.

Ashland Station Gets Tentative OK

A new standard radio station at Ashland was authorized tentatively today by the federal communications commission, the Associated Press reported from Washington.

The application was filed by Robert M. Beer and Edgar Koehl.

Pioneer Galion Snow Plow Manufacturer Sells Interest

Burch Firm Gets Rights From Ross

Patentee to Retire, Raise Livestock

By CATHERINE RORICK
N-J State Corespondent

GALION — Pioneer in the manufacture of snow plows, Lester T. Ross of Galion sold his interests this week in the Ross Snow Plow of which he is the patentee, to the Burch corporation at Crestline.

With the selling of his interests, Ross is retiring from business in order to enjoy his first love; farming, and the raising and producing of livestock.

At 57, he feels he still will be able to take an active part in the actual operation of all work connected with dairy farming. He has a 320-arce dairy farm, one mile west of Galion on the Winchester road, formerly known as the Boyd farm.

The blood lines of his herd of over 50 Holstein Friesian cattle can be traced back to a herd which Ross's father started in New York state in 1904. He and Mrs. Ross plan to sell their present home at 325 Erie street, and build a ranch-style home on the farm. The farm already has two homes one of which is a show place.

Meanwhile Ross who has been acting in the capacity of director of sales in the snow plow division at the Burch corporation in Crestline, still is a member of the board of directors and will be subject to call to act in an advisory capacity.

His work has acquainted Ross with state highway officials throughout the snow belt of the United States. Prior to the war he spent most of his time on the road in contact with the users of snow removal equipment.

During the war, Ross was a member of the advisory committee of snow plow manufactureres at Washington, D. C., and was awarded a certificate from the War Production Board recognizing his service and experience contributed in the war effort

Revolutionary in its design at that time, and having outgrown the facilities Ross had for its manufacture, he brought his snow plow to Crestline in 1930 in order to ally himself with a larger manufacturering plant which did have facilities for handling it.

At the time he came to the Burch corporation, he had five models; and at present there are over 30 models and sizes to accomodate all sizes of trucks and tractors.

A blacksmith by trade, Ross designed his first plow in the winter of 1925 in a small blacksmith shop near Batavia, in western New York state. Five years later he came to Crestline where he and his family lived for one year before moving to Galion.

IN OPERETTA AT LEXINGTON—The Lexington high school chorus will present a three-act operetta, "Marianne", in the school auditorium at 8 p. m. Friday. Lois Walker, music teacher, is directing the operetta. Leading roles will be played by the students shown above. They are, left to right, Bob Lehnhart, Phyllis Gore, Dan Worley, Bev Gerhart and George Karbula.

Reservists to Stage Mock Attack At Sandusky Sunday

Mansfield Air Force Reserve fliers are scheduled to participate in a simulated attack on the Sandusky Marshalling yards and airport Sunday, it was announced today.

Maj. Paul R McElroy, U. S. Air Force Reserve, Columbus, said Air Force Reserve units of Columbus, Mansfield, Toledo and Akron will take part in the simulated attack.

Using Upper Sandusky as a rendezvous point, Maj. McElroy said, the 431st Medium Bomber Squadron of Mansfield, the 445th Medium-Bomber Squadron of Toledo and the 82nd Troop Carrier Squadron of Columbus will form for a mass flight to Sandusky.

The bomber groups will be joined by their "fighter cover" planes at Republic, O., while en route to the targets The simulated fighter cover will be furnished by the 334th Headquarters squadron based at Akron.

The supposed bombing of the marshalling yards at Sandusky will take place at 11:02 a. m Sunday. At 11:07 a. m. the 82nd Troop Carrier squadron which will have left the formation at Clyde, O, and skirted Bellevue, will "drop" imaginary troops on the airport.

War Vets Present Flag to School

Charles Dick Post 17, Spanish American War Veterans, will present an American flag to Roseland school at 1.30 p. m. Tuesday, John A Schnorr, post commander, said yesterday.

The flag will be displayed in the school auditorium. The post auxiliary has given two flags to the school for display in school rooms.

Clothing, Baggage Stolen From Car

Theft of $85 worth of clothing and baggage from a car on North Mulberry street, was reported to police yesterday afternoon.

Joe Peitelman, a guest at the Mansfield-Leland hotel, told officers his car was broken into last Friday while parked near Library court.

Home Damaged

A minor blaze which firemen said started from papers on top of a sewing machine, caused minor damage to wallpaper at the home of Mrs. Pearl McGintis, 298 East Second street, yesterday. Central station firemen were called to the home at 2:53 p. m.

'Y' Worker Honored

Robert W. Schmidt, youth director at the Mansfield YMCA, will be officially certified as a YMCA secretary tomorrow in Columbus.

Having served for a year as a probationary "Y" secretary in Mansfield and other Ohio cities, Schmidt will be recognized with several other secretaries from Ohio and West Virginia at a dinner tomorrow evening in Columbus.

The dinner is a part of the two-day Ohio-West Virginia area YMCA council meeting starting Friday in Columbus.

A. B. Grafton, president of the Mansfield YMCA board, will represent the board at the council along with Maurice W. Taylor, secretary of the local "Y," who will represent the Mansfield staff.

Roger W. Gray and Bartlet Clement also are attending the area meeting as representatives of the Mansfield YMCA membership body

Gray and Taylor will participate in a workshop discussion of "Progress Study in Developing Meaningful Membership Practices." Gray will be a resource contributor in the workshop discussion and Taylor will be the recorder for the group.

Burglars Invade Slaughterhouse

A slaughter house on the State street road, just outside Shelby, was burglarized of $40 worth of butcher knives, saw blades and a sharpening stone, Sheriff's deputies said today.

Deputies said entry was made by breaking a window and tearing out the entire window frame. Nine windows containing some 25 window panes were broken. A padlock on a door to a room in the house was broken with an ax.

Carl Leighbum, of Shelby, the owner, asked deputies to investigate yesterday afternoon after discovering the burglary.

Sewing Machine Clinic Announced

A sewing machine clinic will be held tomorrow at 9 a. m. at Union Grange hall for women in that community Miss Mabel Spray, county home demonstration agent, who will be in charge, asked that women attending bring their sewing machines.

Instruction will be given in cleaning and adjusting the machines. There will be a sack lunch.

Rabbit Display Emphasizes 'Y' Bunny Hunt Saturday

"Miss Y," a championship rabbit of the type to be given away at the YMCA's bunny hunt Saturday, will be on display all day tomorrow and Saturday morning at the YMCA.

Ten live rabbits will be presented to the YMCA boys at the post-Easter hunt Saturday at 10 a. m. in South park. Along with the hunt there will be a steak dinner at noon for the boys.

Grade and high school boys tomorrow will make a trip through the Mansfield Coca-Cola Bottling company at 2 p. m.

Other features for Friday include the final run off for checker and ping-pong tournaments in the Friendly Indian, Pioneer, Comrade, and Triangle classes at 9:30 a. m.

The craft shop will be open from 9 a. m. to noon and again from 1:30 to 5 p. m. and a movie, "Blue Steel"- will be shown at 10 a. m.

All other regular adult classes will be held throughout the day including the men's noon volleyball class from noon until 2 p. m.

Girls Hear Health Talk

Nine members of Girl Scout Troop 10 visited the health department and the Mansfield Public Library Wednesday afternoon as part of their work in earning their community badges.

At the health department, Fred Scott, inspector of sanitation, explained to the girls how the department checks for impurities in water. James Loomis, new sanitation officer of foods and restaurants, spoke to the group about sanitation problems.

Miss Eva Leonard, children's librarian at the Mansfield Public library, explained the advantages and the system used at the library

Girls who made the visits were Barbara Feigenbaum, Kathleen Bolin, Pat Feigenbaum, Teresa Smith, Patsy Zink, Ann Hanrahan, Germaine McDermott, Janet Whistler, and Joan Bunsey.

Accompanying them were troop leaders Mrs. C. D. Heaton and Mrs. W F. Feigenbaum.

Patrol Holds 'Dog' Party

Boys and girls of the Newman safety patrol and their adviser, Miss Frances Wolfe, attended a hot dog party at Liberty park pavilion Wednesday.

When the children arrived, they were given dog tags and told to find out their breed. They then were divided into two teams, working dogs and sporting dogs, with Philip Tinkey and Lester Connell as kennel masters.

The games and contests were followed by a peanut hunt won by the working dogs

Donald Ernsberger, president, was in charge of the business meeting. Committee reports were given and plans made for the next meeting, May 19

Miss Wolfe conducted a safety quiz bee which was won by the boy patrols.

Group dancing following the business meeting, and Marilyn James and Donald Ernsberger were the winners of an elimination dance.

Refreshments were served by Mr. and Mrs. Walter McEvoy and Mr. and Mrs. Michael Siwek.

'New Look' Of 1902 Turns Heads In City

The "new look" at the turn of the century probably turned fewer heads than the same buttons and bows did today in Mansfield. In celebration of the J. C. P enney company's 47th anniversary today all the store's employes are dressed in 1902 period clothing.

Festivities began this morning with a company breakfast in the Park avenue store. The employes watched a television broadcast depicting the founding of the company with opening of the first store in Wyoming by James Cash Penney. The company now has 1,620 stores throughout the country.

City Manager Idea Developing

NOW THAT a considerable number of interested persons are engaged in perfecting an organization designed to favor a change to city manager form of government in Mansfield, this subject seems likely to gain much more public attention than during the purely discussional stage that has extended through the past ten years or more.

During the time the city manager plan has been talked about here the movement has grown rapidly over the country and it now seems merely a matter of whether such a change is to be made in Mansfield in the soonest possible time or deferred for awhile longer.

From the standpoint of intelligent operation of public business, freed to the greatest possible extent from considerations of partisan politics, proponents of the manager plan appear to have the much stronger arguments, as inexperience and lack of training frequently work to the detriment of communities burdened from time to time with inefficient chief executives.

In any event, following the Tuesday evening meeting at which the council-manager plan was explained to an interested audience, it seems probable that the issue will be presented to voters at the November election.

Senators Find Slums Close

CONGRESSIONAL discussion of a federal housing bill has led to inspection of slum conditions existing in many American cities, including Washington, D. C., where wretched slums are to be found "within 100 feet of the impressive Senate office building."

Such conditions, it is only fair to say, are not confined to large cities, but are to be found in practically any small city, and, to a limited extent, in many towns and villages.

While slum clearance, on a national scale, is a laudable objective, the problems involved are too intricate for quick solution and even the expenditure of several billion dollars of federal funds would fall far short of providing for the clean and comfortable housing of all who are now crowded into squalid slum sections of large and small communities.

There are so many contributing factors to the development of slums—sometimes from parts of a city that were once desirable residential areas—that the whole matter requires study as to the extent to which the human element enters into production of conditions which cause deterioration of property until it becomes "slums."

Education, equality of opportunity, sobriety, ambition, energy and cultivation of clean habits are among factors which may eventually aid materially in the elimination of slum sections. Meanwhile federal aid, state co-operation and community activity in removing some of the causes of slums could bring about substantial improvements.

Notable Career Ended By Death

THE DEATH of Dr. Stephen S. Wise removes from the American scene a distinguished Jewish leader who won international renown by his widespread activities in behalf of peace and his constant efforts to make the world a better place for people of all faiths to live.

The able leadership of Rabbi Wise gained recognition and respect among all who knew of him and his work, and the impress of his accomplishments will have lasting value.

It is regrettable that failing health made it impossible for him to realize the hope of visiting the new state of Israel, in the formation of which he had been so keenly interested.

One of his last public statements included assurance: "I am going to speak for peace—to the last breath of my life", and now it becomes the responsibility of others to carry on the work to which Rabbi Wise gave a half century of devoted service.

This Little Girl Was Rescued

THIS TIME there was a happy ending to the story of a three-year-old girl who fell into a 40-foot well in Des Moines, Ia., day before yesterday.

Through the heroism of a neighboring housewife, who was lowered into the narrow casing of the well, the child was saved from drowning.

Following so closely on the tragic story of little Kathy Fiscus, which came out of California less than two weeks ago, this occurrence should give added impetus to action in filling or securely covering abandoned wells and other holes into which children might fall.

Lake Fishing Requires Boundaries

A THIRD or more of the boundary between the United States and Canada is not even marked. This is the portion of the line which lies in the middle of Lakes Superior, Huron, Erie and Ontario, a stretch including almost as many miles of border as the long land border between the western sections of the two nations. The land border is marked with stones at frequent intervals, but the water border is visible only on maps.

Attention is called to this fact by an agreement to mark about twenty miles of the water border in Lake Erie between Point Pelee Island, which is Canadian, and the Bass Islands in Ohio. Buoys will be placed this summer to mark the line.

The reason is that Canadian and United States fish wardens have had difficulty in defining the exact limits of their respective areas of jurisdiction. Many commercial fishers operate in the waters around these islands, which is a rich fishing ground.

Now that steps are being taken to pension chronic alcoholics, a rush may be expected by aspirants to establish eligibility.

One observer complains that those "endurance flights" take longer than ever to get nowhere.

What Some Other People Are Saying

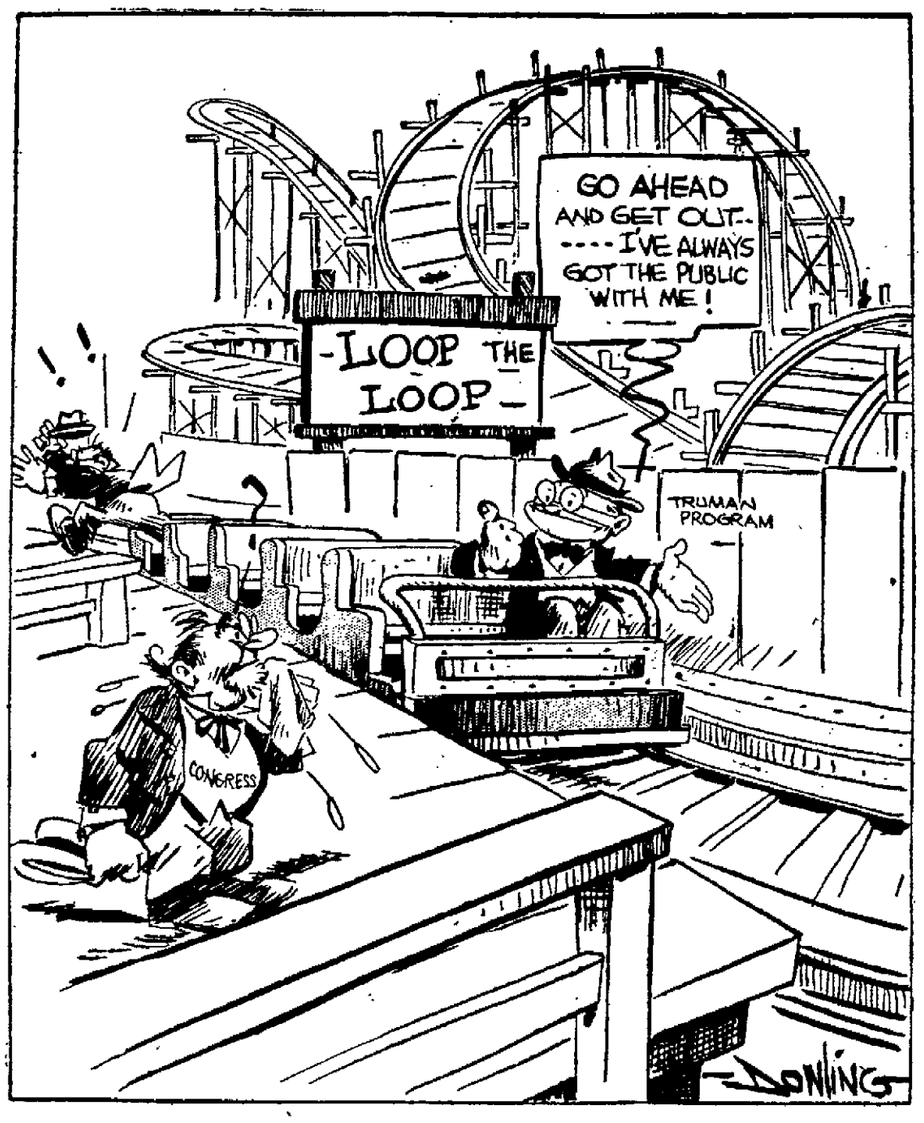
BENJAMIN V. COHEN, of the American delegation to U. N.: "Making all due allowances for legitimate differences of opinion, we cannot see that any substantive civil or religious freedom can survive . . . if the shabbiest sort of excuse suffices to liquidate political and religious leaders who refuse to accept and support the prevailing totalitarianism."

* * *

BERNARD BARUCH: "If America's great power is to be used to avert war—as well as to win it—we must take our stand before bullets have begun to fly."

* * *

JOHN A. OESTERLE, professor of philosophy at the college of St. Thomas, St. Paul, Minn.: "The sound ordering of the social sciences to the truths of moral philosophy and theology is the only answer to the world situation and is urgently needed now."



Just a Little Misunderstanding.

Looking Back

Twenty Years Ago Today

Sunday, April 21, 1929.

Attorney Harry F. Bell of Mansfield was appointed as member of the state bar examining committee.

Miss Olga Ritter of Ashland and Walter C. Strohminger of Mansfield were married by Rev. W. Elmer Bailey.

Mr. and Mrs. Harry Bolus returned after spending six months in California.

Birthday surprise party was given for Elton Robertson at his home, 143 North Walnut street.

Mrs. Edward Laver, 70, died at her home, 93 Park avenue east.

Miss Florence Strohminger and Harold E. Moyer were married by Rev. W. Elmer Bailey.

Mr. and Mrs. W. C. Mann entertained, honoring 49th wedding anniversary of her parents, Mr. and Mrs. J. L. Reilly, also birthday anniversary of Kathleen Mann.

Frankly Speaking

How 'Other Half' Lives

By JAMES MARLOW

WASHINGTON — "When you ain't got it, you ain't got it," the Negro man said mildly, meaning money. He was leaning against a battered shack a few blocks from the Capitol.

He was trying to explain why people lived in the slums of Washington, thousands of people, whites and Negroes, but mostly Negroes. What kind of work did they do? "Mostly ketch as ketch can," the man said.

He was looking at senators, policemen, newspaper reporters and a doctor while raggedy Negro children played around them and hit at one another with sticks.

A Negro girl got up and hobbled off the steps. Her legs were bent with rickets. She had a foolish, happy smile. She might have been 15 to 35. "An imbecile," the doctor told the others quietly.

The group was making a quick tour of the slums in Washington that spread out around the Capitol. The slums start within 100 feet of the Senate office building.

They were being taken around by Senator Paul Douglas, Illinois Democrat. The others in the party were one Democrat, Senator Green of Rhode Island, and these Republican senators: Morse of Oregon, Ferguson of Michigan, and Baldwin of Connecticut.

They had just come from Senate debate on a bill to provide public housing and wipe out slums in the cities of America. They wanted to see slums first hand in the nation's capital.

* * *

Slums as They Are.

THEY went into a house where 13 people sleep in three beds in two rooms. . . . a man, his wife, nine children, one grandchild, and the man's grandfather . . . no lights except an oil lamp, no heat except a coal stove in the kitchen . . . no running water. The water is in the yard. So is the toilet. The yard is heaped with rubbish.

The plaster was off the walls . . . the windows broken . . . the furniture was claptrap junk . . . outside in the yard the grandfather was lying on a bare bedspring, warming himself in the sun. One leg was off at the knee.

With his age and his one leg he couldn't work. He makes no money at all? No. How much does his son make? One buck yesterday, maybe no buck today. He delivers coal when he can.

How did the grandfather lose his leg? "T-b of the bone," the old man said.

"An awful lot of people die of tuberculosis in the slums," the doctor told the senators. "And there's a lot of venereal disease."

The police captain said they found a man frozen to death in one of the outside toilets last winter.

The party went from slum to slum, row after row of them . . . row after row of outside toilets and outside water pipes . . . yards heaped with rubbish.

I asked many Negro men and women what was the highest pay anyone in their row of houses got. The highest I heard anyone say was $35 a week, when a man had regular work . . . The rent ran from $12 to $30 a month.

Dirty? Yes, a police sergeant said on the ride back to the bright and shining Capitol. Bugs and lice and everything, he said.

"There's some kind of doctor works for the government," the sergeant said. "He makes a study of lice. Catalogues them. He told us any time we found any one dead in the alley to let him know.

"Two weeks ago we found a man, dead quite a while. We called the government man. He came down. He found 11 new kinds of lice on the man nobody ever heard of before. All brand new kinds the doctor said."

Washington Calling

Greece Still Problem

By MARQUIS CHILDS

IN THE MIDST of the complicated and delicate business of presenting to Congress the plea of the Atlantic Pact nations for arms, the state department must cope with a problem child insistently demanding attention. That problem child is Greece.

From the British foreign office the other day came a hint that military aid to the Greek government in its war with the communist rebels should be increased.

This was not likely to soften the Congress into granting a larger appropriation for Greece. It will be the third request for funds since President Truman proclaimed the Truman Doctrine.

Behind the British hint was a memorandum which Foreign Minister Ernest Bevin left with Secretary of State Dean Acheson during his recent visit. The memorandum was drafted by Field Marshall Sir William Slim, chief of the imperial general staff, following a visit to Athens.

Slim recommended increases in the Greek government's striking force, with emphasis on commando-type operations. But he did not go nearly so far as Maj. Gen. E. E. Down, chief of the British military mission in Greece.

The U. S. joint chiefs of staff were surprised to receive six months ago a memorandum from down recommending, in effect, that the number of Greek divisions be increased from eight to 15 with American military aid. It was estimated that support for such an army would have cost this country approximately $450,000,000 a year.

The British have, of course, a direct stake in Greece apart from long time diplomatic-commercial ties. At U. S. insistence, 5,000 British troops were left behind as a garrison force following the U. S. aid program, and they are still there.

* * *

Some Gains Claimed.

THE WAR against the rebels is at present going better than at any time during the past two and a half years. Confidential maps show that considerable areas have been mopped up, including most of the Peloponnesus, where at one time guerrilla bands roved almost at will.

There are now about 250,000 men in the Greek military establishment, 200,000 in the army. This is, of course, far more than could be sustained by the Greeks without aid from the U. S.

For the current fiscal year Greece is getting roughly $360,000,000 in American aid. Of this, more than $275,000,000 will go for strictly military spending. That is a far higher proportion than originally contemplated. A large proportion of the 7,000,000 Greeks live on the borderline of hunger, with nearly 10 per cent refugees from rebel or former rebel areas.

Greek specialists in the state department profess to see some political improvement. But it is difficult for the outsider looking on to detect it.

Before he left Athens to come here to testify on the need for more Greek aid, Ambassador Henry Grady cautioned against a new cabinet crisis. But he had hardly reached New York by air before powerful cabinet factions had forced out Spyros Markezinis, minister without portfolio.

Markezinis was considered one of the hopefuls and given U. S. backing. He was accused by other cabinet members of speculating in gold sovereigns.

Fortunately, the communists have made serious blunders in Greece. If that were not true, our own errors would doubtless have caught up with us long since.

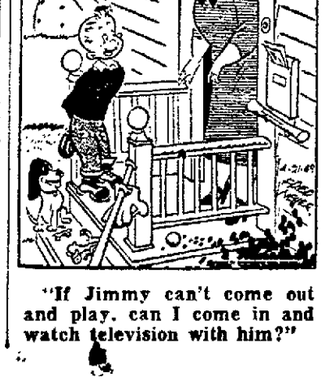
LIFE'S LIKE THAT



"If Jimmy can't come out and play, can I come in and watch television with him?"

As Cerf Tells It

Marion Dodd, the peppery manager of the Hampshire Bookshop (enshrined in the memory of every Smith College graduate) decided to mail the old family Bible to her cousin in Texas. The post-office clerk in Northampton weighed the package and asked, "Does this contain anything breakable?" Miss Dodd pondered a moment, then answered, "Nothing but the Ten Commandments."

DID YOU KNOW THAT—

Castor oil was known to the ancient Egyptians, and used as a remedy around 2000 B. C.

Washington Merry-Go-Round

Effort to Stop French Indo-China War

By DREW PEARSON

WASHINGTON —It won't be announced officially, but the state department has taken a secret and highly significant step to try to stop the three-year - old civil war in French Indo-China.

Indo - China is a long way from the USA, but in these days of global cold war, what happens there can influence the spread of communism in the Philippines, the Malays and India.

Therefore, Ambassador Caffery, acting on careful instruction from Secretary of State Acheson, has told the French foreign office that the United States considers it absolutely necessary to stop this fighting in order to keep it from playing into the hands of the communists.

Caffery said he was authorized to pledge the full support of the United States to French plans for creating an anti-communist government in Indo-China headed by Bao Dai, the former emperor. The United States might even be willing to consider economic help to such a government it kept out all communists.

Note — Another reason why we are anxious to end this revolution is because we want the French to bring their army back from Indo-China to France to guard against a surprise attack from Russia. The French have between 100,000 and 200,000 troops in Indo-China and have sometimes been suffering 1,000 casualties a week.

No Pyramids For Bradley.

CONTRARY to press reports, General Omar Bradley, Chief of Staff, has never been a member of a pyramid club. And for a very good reason.

"At West Point," says Bradley, "I taught mathematical probabilitie. And even if I'd ever been invited to join a pyramid club, I wouldn't have done so, because the chances of a payoff are too slim."

Legion's No. 1 Lobbyist.

YOUNG Representative Olin Teague of Texas, decorated 11 times for bravery in the last war, took on a fresh battle recently with the No. 1 American Legion lobbyist.

Teague made the Legion's tough and skillful John Thomas Taylor eat his own words during his testimony in favor of the Rankin pension bill.

Taylor based his plea largely on "precedents" for pensions voted by earlier Congresses.

"Just a minute," broke in Teague. "While we're on the subject of precedents, let me read from the witness's testimony on this same question when the House ways and means committee was holding hearings in 1930 on amendments to the veterans' Adjusted Compensation Act of 1924."

Teague proceeded to quote a colloquy between Jack Garner of Texas, later vice president, and Taylor, then as now the Legion's legislative representative.

Taylor admitted at that time that the 1924 bonus bill as amended would be a quitclaim against future pensions for World War I vets.

Pinned down by Garner as to whether the legislation would make future pensions unnecessary, Taylor replied, "No question about it."

When Teague finished reading from the record, Legion lobbyist Taylor looked like the Washington Monument had fallen on him.

"I just wanted to get that in the record for the benefit of colleagues who have asked me about it," commented Texas' Teague. "It doesn't mean I'm against caring for war vets who are in need."

Capital News Capsules.

To Stop Deflation — A group of Western senators headed by Jim Murray of Montana are working up a big anti - deflation program, including provisions for a large federal lending drive to get new capital at work on the expansion of industrial capacity. . . .One of the most important points of the new Murray legislation will be authority for industry to write off all big new capital expenditures in five years of less. In other words — accelerated depreciation.

Lobbyist Dinner — The foundry industry threw a party for member of Congress the other night and sent out invitations in the name of Senator Capehart of Indiana, the juke-box king. But, of the many invited, only a handful showed up. . .A reporter telephoned the private dining room, but was told curtly they didn't want any publicity. He went up to the room anyway and spotted Senator Myers of Pennsylvania, Democrat; Congressman Engel of Michigan, Republican; and Congressman, Patterson of Connecticut, Republican. Less than 20 people were in the room, and 15 of these were supposed to be foundry company executives. Later Senator Capehart admitted sending out the invitations—at the request, he said, of Richard Wagner of Indianapolis, president of the Electric Casting company.

Congress May Growl — Secretary of State Acheson is in for new trouble with Congress, especially with the appropriations committees, on the Atlantic Pact. . .The state department has decided not to give Congress too much detailed information on Europe's military needs for fear of a leak to the Soviet Union. Despite statements to the contrary, Acheson already has all the military information from European powers, but wants a blank check from Congress — for security reasons.

Assignment: America

More Or Less Patient

By INEZ ROBB

NEW YORK — By an unwritten convention in the columning racket, every practitioner is annually allowed one column on grippe, one on poison ivy and one on seed catalogues.

Today is bargain day in this department, with a column devoted to all three, with which I have been retired to my cot for some days past.

How did I acquire all three at once? Don't ask! Just admit I got talent and let it go at that. I have a talent for poison ivy like some people have for cooking or painting or flag-pole sitting.

Most people have to wait till the stuff starts to grow late in the spring. But not me. I just walk across a lifeless, brown field where the stuff grew last year, and there is a glad resurgence of the weed: Poison ivy's back and I've got it.

I am proud to announce that mine is the first recorded case of poison ivy in these parts as of 1949. If my case history holds, I will also have the last recorded case as of 1949.

Ah, this has been a busy time in this happy household, with people rushing to and fro to keep my ankles encased in soothing oil and my sinuses open with soothing vapor.

Naturally, I have not really had grippe, which is only for peasants anymore. I have had Virus X, with the usual shakes, chills, fever and—shall I say? —bellicose temper.

However, if it makes the medical profession any happier to call it Visux, I am willing to co-operate. After all, the medical profession is not too happy these days and anything I can do to cheer it up seems only right and proper.

Any patient, with a good bedside manner, is a comforting thing to a medico, haunted today by the specter of a national health program. My own man, in his indignation, took his own pulse the other day while sternly denouncing socialized medicine and free cough drops.

On the whole, poison ivy and Virus X are a small price to pay for a week alone with the world's great fiction, the seed catalogues that bloom in the spring, tra-la. Give me a nation's seed catalogues, and I will tell you its hopes, its aspirations and its gullibility.

The Late Mayor Jimmy Walker's most famous wisecrack was to the effect that no girl was ever ruined by a book. Perhaps by a book, no. But by seed catalogues, yes. Millions of us are seduced semi-annually—spring and autumn—by these printed hucksters with their promise of roses as large as cabbages and tomatoes as big as buckets.

* * *

Top-Notch Literature.

THE FINEST fiction being produced in America today is between the covers of these seed and horticultural catalogues. There is a fine, free use of adjectives to shame the Hemingway school and a disposition toward superlatives to challenge even a Chamber of Commerce booster.

Where, in the works of Truman Capote, in Kafka or even in Mrs. E. D. E. N. Southern can you find such prose as this:

"Flawless form in an exquisite rose of deep salmon-pink overlaid with soft golden orange The 'chic' bud is long, slender and graceful. Your admiration will become utter amazement tinged with humility as the rich pink of the inner petals in the center of the bloom begin to show."

Let the cynics say that an optimist is a man who believes the promise of the seed catalogue and a pessimist is the man who prefers to save money and buy his flowers and green fodder from a middleman!

But leave me have my dreams, with poison ivy and Virus X if need be. Leave me, for a few weeks, live in this dream world where there are no sticks or stones or weeds to trouble my aching bones.

Leave me, with all the other countless city slickers who own a few acres for week-end retreat in the country, believe in that never-never land where there are no Japanese beetles, neighbors' chickens or stray cows.

In August, I shall be driving down to the crossroads vegetable stand to buy sweet corn, green beans and zinnias. But in the meantime, I can dream, can't I?

Farmer's Diary

Let's Plant America!

By CALVIN A. BYERS

"WE NEED a vigorous, nationwide, tree-planting program, to grow lumber for tomorrow's homes," says Erle Kauffman, in American Forests, official publication of American Forestry association.

"We have been on the threshold of a major tree-planting program for a quarter of a century, without opening the door."

It is not because the American people would not support such a program. Planting trees is something anyone can do, himself, in his own backyard. Nor is it because we lack incentive. One acre out of nine of our 656 million acres of forest-producing land is now denuded or poorly stocked with trees.

We have an additional 20 million acres of marginal farm land that should be planted for soil restoration. It is not because we lack know-how—we have tree nurseries that can produce good strains of trees, we have ingenious machines to plant the seedlings, and we are developing means of direct seeding—by pelleted seeds from airplanes—so that denuded areas can be planted without transplanting seedlings at all. Also, we have the money.

Compared with the billions of dollars spent for rehabilitating other depleted countries, the few millions needed for our own reforestation would amount to only two cents per capita.

Tree planting would be good business for the tax payer. The Forestry association's plan of 1½ billion young trees every year for 42 years would soon pay for itself, if the forests were well-managed.

Some folks think the states should shoulder their own tree-planting and let the federal government confine itself to the public lands. Under the Clarke- McNary act, the government, through the forest service is authorized by Congress to give financial aid up to $100,000 a year, to the states to grow and distribute trees to farmers at low cost.

Owners of small forests, mostly farmers, control 57 percent of our commercial forests. So the future of these lands should be of concern to the American people—public lands are already under sound management.

Unproductive, deforested land is a liability to the country. Better forest management, on the smaller tracts of forest, is to be given priority.

We have too many agencies, perhaps, with a finger in the pie. But the overlapping can be coordinated, and we CAN PLANT AMERICA! Let's stop dabbling and get to work. At our present rate of effort, the job will not get done in 400 years

GOV. DEWEY'S scheduled trip to Europe has no particular significance . . . just out of curiosity he wants to visit a few countries where the administration changes from time to time.

While in Switzerland Mr. Dewey will test the echoes and see if they're any more reliable than those he's been getting in Albany.

Three times now he has asked "Should I run or should I not run? and the Albany echoes have answered "Run!"

But he's a lucky man . . . he came reasonably close to not getting a long vacation this year and Washington can be powerful warm in the summer.

If the blockade has not been lifted, Mr. Dewey will be flown to Berlin by airlift. . . . Mr. Truman feels the least he can do for his recent opponent is take him for another ride.

'Ladies Day Out' Program Will Include Swimming, Craft Units

A full program has been planned for the spring term of the "Ladies Day Out" program sponsored by the YWCA. The program will be held at the YW every Tuesday starting next week and continuing through May 31.

The weekly programs will begin at 10 a. m. with an hour of gym work in charge of Mrs. Virginia Kirby of the city recreation department. For women who do not wish to participate in gym classes, Mrs. Max Flack will teach Swedish weaving during the same hour.

Beginning at 11 a. m. there will be a 45-minute swimming period in the YMCA pool. Jerry Coron, of the Red Cross water saftey program, will be the instructor.

From 10 a. m. until noon there will also will be sewing and knitting instructions under the direction of Mrs. Lionel Smaltz.

Lunch will be served at noon, followed by a general program.

From 2 to 3 p. m. there will be classes in Swedish weaving, hat remodeling, and other crafts.

Mrs. Mary Hunter will teach hat remodeling, and women who wish to participate should bring materials to the opening session.

Mothers who wish to attend the weekly programs may bring children from the ages of two to six. Mrs. LeRoy Wittemire jr. will be in charge of the nursery.

The entire program is under the direction of Miss Agnes Kessler, executive director, and Miss Dorothy Hainer, business and industrial program director.

Fees for the six week period are $3 per woman. An additional fee of $1.50 is charged for one child and 75 cents for each additional child. Price of lunches is in addition to these fees.

All women who wish to participate in gym and swimming classes must have a medical examination.

Registration for the spring term will remain open until the next Tuesday.

Ask $13,000 Judgment Be Set Aside

Bus Firm Lawyers Protest Verdict

Attorneys for the Mansfield Rapid Transit company yesterday asked common pleas court to set aside a judgment of $13,200 awarded by a jury last Thursday to Charles Daniel Bradley, 11, of Warren road.

The damage suit brought by the boy's mother, Mrs. Zella I. Bradley, on his behalf, claimed that Charles suffered permanent injuries when he fell out of a city bus as the doors opened while the vehicle was moving.

The defendant's attorneys, Robert L. Ross of Mansfield, and E. W. Thomas, of Cleveland, in filing their motion said the verdict was inconsistent with questions answered by the jury.

They contend that the jury first said the boy had been guilty of contributory negligence. Then, after being instructed by the court to return to the jury room and answer yes or no as to whether the boy was negligent in any respect causing his injuries, the jurors returned the second time with a "no" answer.

The defendant contends that since the jury answered the question by saying there had been contributory negligence a verdict should be returned for the defendant.

Attorneys Joseph A. Bayer and John O'Donnell, Mansfield, represented Mrs. Bradley.

4 Escape As Church Falls

RISING SUN, Ind., — (UP) — The Baptist church collapsed yesterday into a pile of broken brick and four construction workers digging a basement beneath it narrowly escaped death.

The men were trapped a few minutes when the belfry, roof and two sides of the structure crashed to the floor above the excavation. But they dug their way out unhurt.

The church gave way with a roar heard throughout this little Ohio river town, stained glass windows and brick smashed to the floor.

Scouts' Councils Slate Conference

DEFIANCE — (INS) — Boy Scouts activities were expected today to get "a shot in the arm" from a conference of councils and executives April 30.

The session will be held at Shawnee Boy Scout camp on the Auglaize river, south of Defiance. Eleven councils, with more than 100 persons, will represent an area reaching from Toledo to Cincinnati and as far east as Marion.

3 Women Jailed for Perjury After 'Quickie' Divorces

COLUMBUS — (AP) — Three Zanesville women pleaded guilty yesterday to charges of perjuring themselves to obtain divorces.

Criminal Court Judge Cecil J. Randall ordered them to county jail pending investigation by the county probation department. That will take from a week to 10 days.

Pleading guilty were Vivian Matheny, 29; Doris Mabel Bishop, 26, and Catherine King Watson, 48. They were accused of falsely stating under oath they lived in Columbus.

The cases stemmed from an investigation of quickie divorces in this county. The waiting time after filing a divorce petition here is six weeks as against six months in Zanesville.

"Perjury strikes at the very foundation of justice, and justice in this county has been dealt a severe blow in these cases," Judge Randall told the women.

Mrs. Matheny, mother of three children, admitted she gave a rooming house here as her residence to obtain a divorce. She said her attorney did not know she had given him a fake address.

Mrs. Bishop said her address was "picked out of a telephone book" by her attorney, Thomas A. Joseph, Zanesville. She is the mother of an eight year old child.

Mrs. Watson said her attorney, Charles Leasure of Zanesville, told her, "We'll get you a Columbus divorce. All you have to do is say you live there." She told the court she did not know the difference between a "Columbus" and any other kind of divorce. She said she "assumed that when I put my case in the hands of an attorney he knew what he was doing."

Mrs. Matheny also was asked why she perjured herself. She said she "did it for the children." Her husband, she said, refused to support the family and she has since married another man.

Mrs. Bishop said she "knew I did wrong."

IT'S A HARD JOB—LOOKING FOR THE SPECK THAT ISN'T THERE! IF THERE'S ANY QUESTION WHATEVER, BUD EMERSON THROWS THE BOTTLE OUT . . . AN ADDED PURITY INSURANCE POLICY

Emerson's 30-minute shift is tough on him

It's a tough job—looking for something that isn't there.

Bud Emerson watches so closely . . . studying every single bottle in a steady parade . . . that he really wants to turn his job over to another inspector at the end of half an hour.

It's monotonous, too! For he's looking at glass bottles that are cleaner than when they were made. When they come back to us, they go into a soaker about the size of a three-car garage. In the soaker, all the bottles go into a hot solution of caustic soda. Ask any thrifty housewife of the olden days whether caustic soda is a good cleaning and sterilizing agent. She'll tell you!

Then each bottle meets a battery of brushes that scrub the outside. They're hard on it.

Next, it goes into a clamp that holds it while a piercing jet of water scours it inside.

Well, you might think a bottle wouldn't need a scanning by Emerson after all this. And you might be right! His job is just extra insurance of spotless cleanliness.

Bud seems to like tasks that take concentration, though. Take his hobby—for instance. It's the building of model planes.

A Buccaneer Special with 6-foot wing spread is the next model of his that's going to soar in competition before the summer is over. It's powered by a tiny gasoline engine that will take the plane aloft for 4 minutes on only 2 tablespoons of gasoline.

Even in the Army, his job was one that taxed his head rather than his body. Intelligence work in Cleveland and, for a long spell in Europe, was his role.

For physical relaxation, he plays first base on our baseball team. More concentration! Emerson is a native of Akron. He went to Leggett School and Central High. He's married now and has been with us 7 years.

We're proud that men like Emerson are glad to work—as his father did before him—at tough jobs like this, to insure the absolute purity of every single bottle of Burkhardt's.

Admits Mock Trial Charges By Nazis

WASHINGTON — (UP) — An army war crimes prosecutor has admitted that nazi storm troopers charged with the Malmedy massacre were subjected to mock trials in order to make them confess.

Lt. Col. Burton Ellis, chief prosecutor of German stormtroopers accused of killing American prisoners, testified before a Senate Armed service subcommittee which is investigating the Malmedy trials.

At first he denied charges that the nazi defendants were mistreated or tricked. But under questioning by Sen. Joseph R. McCarthy, R., Wis., he admitted that weird mock trials were held in preparation for the real trials.

More than 80 American soldiers captured in the World War II Battle of the Bulge were shot down in cold blood near Madmedy, Belgium, by members of a German SS Panzer division.

CHARGE BRUTALITY

After the Malmedy trials, defense attorneys charged that the prosecution used brutal and unfair means of obtaining confessions from the accused nazis.

Ellis told the subcommittee that darkened rooms, hooded figures, candles and a crucifix were used in the mock trials.

But he said the defendants should have known it was a false trial because they were not assigned defense attorneys.

Ellis said he thought it was proper to hold the mock trials so long as the trial court was informed of the method used to obtain the confessions."

"You can't mean that," McCarthy said.

McCarthy said Ellis showed a "complete lack" of knowledge of criminal procedure. He said the army was at fault in assigning him to the prosecution.

He drew from Ellis testimony that before entering the army he was a tax attorney and that he appeared in court only in probate and divorce cases.

Ellis defended his experience as a criminal attorney. He said he had four years of trial experience in the Army before the Malmedy trials. Acting Chairman Lester C. Hunt, D., Wyo., broke in to say that "we are not prosecuting the witness."

McCarthy disagreed.

"If this is so, we ought to drop this inquiry right here," McCarthy said. "We have the right, the responsibility, to go into complete detail on the methods used in those trials.

'GLASS WAX' SAVES CLEAN-UP TIME, TOIL

ARTHUR GODFREY

"If You've Got Windows You Need 'GLASS WAX'", says Arthur Godfrey

Gold Seal Radio Show Features Top Entertainer Daily

"Just wi-i-ipe it on, then wi-i-ipe it off. That's all there is to it!" That's how Arthur Godfrey, hilarious radio attraction describes how quick and easy it is to clean with "GLASS WAX". And it's a fact that this Gold Seal chemical cuts housework drudgery to a matter of minutes just that simply.

Heard Every Weekday

The Gold Seal Show presents the inimitable Godfrey every weekday over 165 CBS stations. The popular program includes Janette Davis, lovely singer, the Mariners Quartet, and pleasing music provided by Archie Bleyer's orchestra. It's a pleasant way of enjoying the extra leisure gained by cleaning with "GLASS WAX". See your newspaper for local broadcast time of this outstanding radio presentation.

Local Gold Seal Sales Office

The sales office of the Gold Seal Company, makers of "GLASS WAX", is now located at 1220 West Ninth Street, Cleveland, Tel: Superior 3782-3.

Priceless Silver Cleaned With "GLASS WAX"

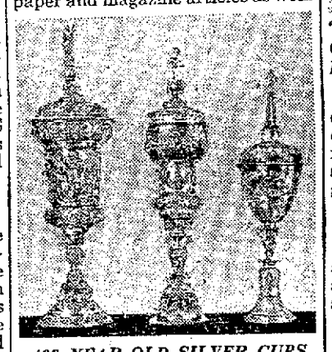
Only Cleaner Trusted For Historic Pieces

The nation's finest privately owned collection of rare drinking vessels is cleaned exclusively with "GLASS WAX". According to its owner, Francis W. Fowler, Jr., the amazing Gold Seal pink chemical provides the quickest and easiest method of maintaining the 500-odd items in the gleaming condition necessary for their display. The crystal-clear film that "GLASS WAX" leaves to protect lustre aids greatly by prolonging the period between cleanings.

Absolute Safety A Must

Most important, of course, is the fact that "GLASS WAX" is safe—entirely free of any harsh abrasive that might even minutely scratch these precious surfaces. Dangerous brushing, too, is eliminated in the chemical cleaning action afforded by "GLASS WAX". Mr. Fowler's choice of cleaner for his remarkable collection is supported by many leading silversmiths who recommend "GLASS WAX" for all plate and sterling.

This unusual hobby has been exhibited across the country and has been the subject of many newspaper and magazine articles as well.



400 YEAR-OLD SILVER CUPS CLEANED WITH "GLASS WAX"

Letters Hail "GLASS WAX" Speed, Ease

From all over the country, letters praising "GLASS WAX" flow into Gold Seal Company offices every day. Here are excerpts from a few recent unsolicited tributes:

"I have never found anything before like 'GLASS WAX' that would clean windows, mirrors and not leave a smear . . . I sure think it is grand."

Mrs. C. A. Wright
Detroit, Michigan

"I thought 'I'll use 'GLASS WAX' for my windows and see how it works,' as I had never had much luck with other window cleaners. Well, I can honestly say I never saw such gleaming windows before."

Mrs. Eileen Neidringhaus
Creve Coeur, Missouri

"SO EASY AND NEAT A CHILD CAN USE IT . . . AND FIND IT FUN!", WRITES ONE WOMAN

"'GLASS WAX' worked wonders. There is no sign whatsoever of those persistent streaks on my mirrors, and the mirror stays clean so much longer than from any other glass preparations on the market."

Mrs. Ruby M. Frain
Los Angeles, California

"I never used such a good cleaner as 'GLASS WAX' that made things shine, and I do mean shine, with such little effort."

Mrs. R. O. Hebert
Norwell, Massachusetts

"Comparing the costs of various other products to do the things which this one chemical does, plus the saving in time and labor, 'GLASS WAX' is truly the most economical and efficient cleaner I've ever come across."

Mrs. Virgil Oliver
Studio City, California

"When I first tried 'GLASS WAX', I thought I'd have to use as much as I did with other cleaners to get my grimy windows clean. Imagine my surprise when I found that so little 'GLASS WAX' was needed to do a superlative job. Besides, using a small amount never leaves any dust to be cleaned up later."

Mrs. H. F. McGinnis
Chicago, Illinois

"My pewter is at last clean—it sparkles—the very first cleaner that has done the trick."

Mrs. Gladys F. Andersen
North Quincy, Massachusetts

"Wherever possible in my housecleaning work, I use 'GLASS WAX'. It has everything else on the market beat."

Mrs. Mary Kohl
Bronx, New York

"As you can imagine, I've tried every cleaner ever marketed—powder, paste, liquid, and spray. But now, thanks to 'GLASS WAX', I tackle the job with nary a frown, and keep 944 small window panes bright and clean with just a weekly dusting."

Mrs. Frank G. Matthews
Spokane, Washington

"Glass Wax" Sold Coast to Coast

So great has been the enthusiasm for "GLASS WAX" that this Gold Seal miracle has obtained nationwide acceptance in just a few short months. Grocery, drug, variety, hardware, and department stores in this city now sell the pink liquid cleaner.

Amazing Gold Seal Cleaner Wipes Winter Stains From Windows, Metals, Porcelain

Holland Tunnel Cleaned With "GLASS WAX"

"From wedding rings to the Holland Tunnel" is a broad claim for any cleaner. Yet, that statement is actually true of the capabilities of "GLASS WAX".

To keep the mile-long tile-walled tube clean, a specially constructed truck shoots water at high pressure on the walls. However, while rinsing off loose dirt, this method fails to remove stubborn stain that mars the tile.

27% Brighter

After experimentation, engineers found that "GLASS WAX" offered the quickest and easiest way to keep the tile walls glistening. Moreover, they discovered that the hundreds of lights and lenses that illuminate the tunnel give off 27% more light after "GLASS WAX" cleaning.

Now the Holland Tunnel sparkles like your kitchen, protected by the famous "GLASS WAX" film that keeps surfaces clean longer.

Ends Scrubbing, Scouring To Brighten Homes

Millions of housewives have found the answer to lightening spring house-cleaning. It's "GLASS WAX", the sensational new multi-purpose household cleaner developed by the Gold Seal Co.

Never before have women known such speed and ease in erasing winter's smoke and smudge, restoring glistening beauty throughout the house. Windows so clean they scarcely seem to be there . . . silver and chrome brighter than new . . . porcelain, tile, and enamel fixtures snow-white . . . all are possible with this amazing pink chemical. So many wonderful uses for "GLASS WAX" exist that most experienced users buy the pink wonder by the quart, to assure an adequate supply.

Most remarkable about "GLASS WAX" is that these brilliant results are obtained with a minimum of time and effort. All that's required is to wipe "GLASS WAX" on, wipe it off.

Invisible Film Guards Lustre

Important to all fastidious homemakers is the crystal-clear protective film left by this wonderful chemical on every surface as it cleans. This means household beauty that lasts, free of fingerprints, smudges, and stain. Easier future cleaning, too, results from this modern way of housecleaning.

Letting chemicals do the work, rather than muscles, "GLASS WAX" eliminates back-breaking scrubbing and scouring. Moreover, "GLASS WAX" is safely gentle, contains no harsh abrasives to scratch the smoothest surface.

This sensational Gold Seal Co. product is available everywhere, in the familiar pink can that assures the buyer of the genuine and original. With the busy cleaning season at hand, the time to buy "GLASS WAX" is now.

Economy, Variety of Uses Make Quart Size Popular

Thrifty Shoppers Save 20c

With new uses for "GLASS WAX" discovered almost daily, more and more women are buying this incredible cleaner in the quart size. Homemakers find that the big quart can gives them added convenience, plus extra savings. At only 98c, buying "GLASS WAX" by the quart assures a more adequate supply on hand for the hundreds of housecleanings jobs that "GLASS WAX" simplifies, and lessens the bother of frequent shopping.

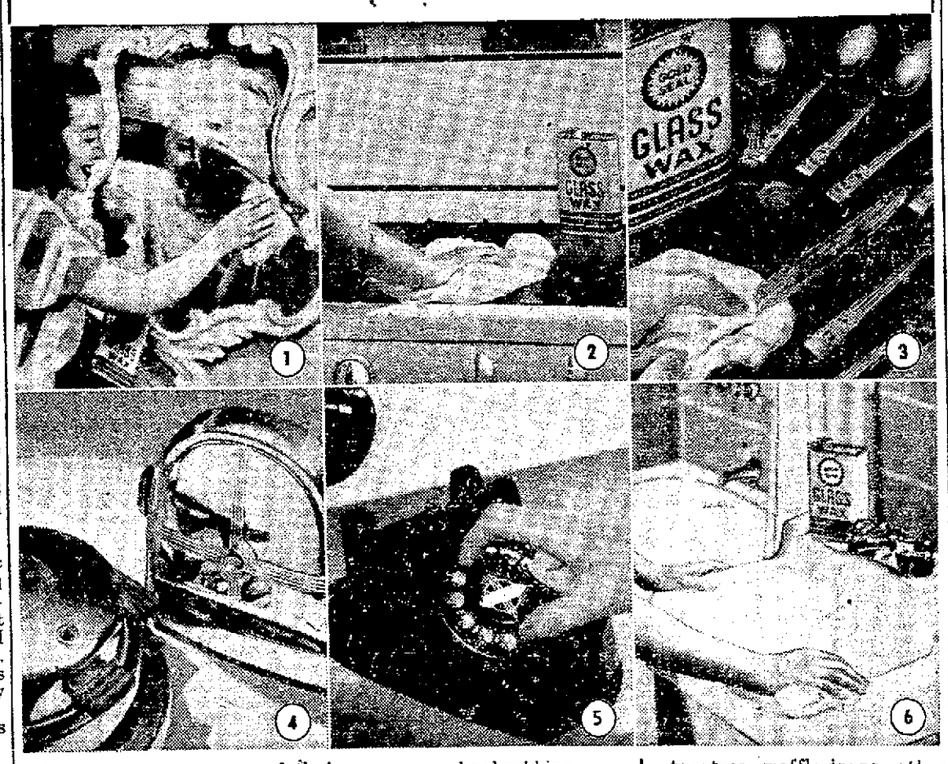
Experienced "GLASS WAX" users are elated to discover that so little of this cleaning marvel does so much. Not only does sparing use mean increased economy, but after-dust . . . the result of using too much "GLASS WAX" . . . is also eliminated.

Another important advantage is that "GLASS WAX" goes right on working for weeks after cleaning, by leaving its crystal-clear protective film to guard the glistening, immaculate finish from future soil and smudge.

"GLASS WAX" Saves Steps

By cleaning such a variety of surfaces—glass, metals, porcelain, plastic, and others—"GLASS WAX" saves hundreds of tiresome steps about the house. For "GLASS WAX" replaces the variety of cleansers formerly needed for household care, and lets the user carry only the one pink can, two cloths, from room to room. In addition, since "GLASS WAX" requires no water, furnishings may be cleaned where they are used, rather than lugged to and from the kitchen for washing.

Sensational Pink Liquid Cleans Throughout House



Shown above are some of the hundreds of uses for "GLASS WAX" that have made the quart size standard in so many homes.

This amazing pink chemical cleans all these surfaces—and many more—with unbelievable speed, ease, and truly satisfying results.

1. *Cleans mirrors* as quickly, easily, and brightly as windows. No water to spill, no streaks or smears, no hard rubbing.
2. *Removes stains* and smudges from porcelain ranges, refrigerators, and tabletops without scouring or scratching.
3. *Wipes off tarnish*, however stubborn, from the finest plate or sterling silver. No messy paste, no harsh abrasives.
4. *Strips stain* and scorch from toasters, waffle-irons, other chrome appliances. Keeps them clean longer.
5. *Restores brilliance* to plastic radios, telephones, purses, any plastic surface—makes them like new. Resists fingerprints.
6. *Brightens tile* and enamel bathroom fixtures as it cleans. Brings dazzling beauty without scrubbing, or scarring.

Chemists Find 30 Kinds of Dirt on Glass

While developing "GLASS WAX," Gold Seal chemists collected and studied sample window panes from homes in many states. Analysis revealed 30 different kinds of dirt and discoloration.

- Greasy soot streaks and salt water minerals dirtied glass in eastern mill towns.
- Sticky pollens, lime dust and tars dulled midwestern windows.
- Stubborn silica deposits stole the gleam from southern and western panes.

Even minute amounts of certain rare minerals were found killing the sparkle of glass in some areas.

Gold Seal chemists found that "GLASS WAX" removed every one of the stubborn grimy films with one easy, streakless application!

Guarantee Backs "GLASS WAX"

Laboratory proof of "GLASS WAX" superior quality and results enables the Gold Seal Company to guarantee satisfaction to the user. If you are dissatisfied for any reason, your dealer will gladly refund the full purchase price upon receipt of the unused portion of "GLASS WAX."

House Boosts Payments Under Workmen's Compensation Act

Disability Maximums Boosted

Early Senate Approval Seen

By REED SMITH

COLUMBUS — (AP) — House passage of a bill providing more money for disabled Ohio workmen was hailed today as a labor management achievement.

Changes made in the 36-year-old workmen's compensation act were regarded as the most liberal in its history.

"House Bill No. 531 is the result of a joint understanding and agreement between labor unions in Ohio and employers of the state," said Rep. Ed. Witmer (D-Stark), co-sponsor of the measure.

"For almost 30 years organized labor and management have sat down before each session of the legislature and worked out some form of mutual agreement among themselves which the legislature has uniformly accepted," he added.

The House passed the proposal 122-0 Wednesday and sent it to the Senate where similar action was anticipated. Proposed changes would:

Increase compensation from $25 to $30 weekly;

Raise death benefits from $7,500 to 8,000;

Up temporary total disability maximum from $4,200 to $6,000;

Boost the maximum for permanent loss of limbs or portions from $6,000 to $7,500;

Extend by ten weeks the compensation period for loss of an arm, or foot; by 15 weeks for loss of hand and 100 weeks for loss of leg.

Add loss of hearing to compensable claims at rate of 25 weeks for one ear and 25 for both;

Advance maintenance and sustenance compensation during rehabilitation from $15 to $20 for 25 weeks;

Permit replacement of false teeth and dentures accidentally damaged at work;

Enlarge funeral expenses from $250 to $300.

Expand from $260 to $2,100 maximum benefits for silicosis sufferers.

Provision also was made to pay widows and children awards granted their husbands and father should he die before receiving them. Payment now is stopped at the time of death even if the full award has not been paid.

The House passed 102-2 and sent to the governor a bill limiting installment finance charges to eight per cent. It also would require merchants to give customers a full statement of such charges. Another bill passed 110-0 and sent to the Senate would grant county employes 90-day sick leaves.

Other members of the sorority assisting her are Mrs. Richard Pfeifer, Mrs. James Dapps, Mrs. Virginia Gerhart, Mrs. Edward Starkey, Mrs. Robert Phillips, Mrs. John Them, Mrs. Jack Herring, Mrs. Howard Shaull, Mrs. Philip Kelly, and Mrs. Dolen Goodner.

Members of the Richland County Permit Holders association have placed coin boxes in business places of members.

CAMPAIGN WORKER—Mrs. Dolen F. Goodman, president of Beta Phi Mu sorority, is shown numbering coin boxes being used in the current cancer drive which opened Monday. Each can was given a number according to the location where it is displayed. Cans were distributed to Mansfield business establishments by members of the sorority. The Richland County Permit Holders association also placed coin boxes in business places of members.

PUBLIC KILLER—As a reminder of the cancer drive to raise $18,000 in Mansfield, the large sign above was erected in Central park. Putting on the finishing touches are, left to right, Frank Burton, superintendent of city parks; Earl Brown, foreman of the park crew, and Charles Spreng, general campaign chairman.

Files Estate Case Appeal

A probate court case involving the estate of Steve Harrison, who died last Feb. 23, has been appealed to common pleas court.

Michael Gialouris, of Canton, had asked Richland county probate court to remove John H. Finefrock jr., as administrator of the estate. Gialouris claimed that as a cousin of the deceased man and nearest next of kin, he should be appointed.

Probate Judge Stuart H. Cramer found that Gialouris had not sustained the allegations in Gialouris then appealed on question of law and fact.

An inventory of the estate shows that it was appraised at $6,191.

B and O Train Changes Time

A change in the schedule of the northbound B. and O. passenger train through Mansfield was announced today, to be effective Sunday.

Train 45 to Willard and Chicago will leave Mansfield at 11:50 p. m., instead of 12:30 a. m. It will arrive in Chicago at 6 a. m.

Train 46, southbound, will continue to leave Mansfield at 5:03 a. m., for Newark and Wheeling.

The Pennsylvania and Erie railroads previously announced scheduled changes because of the return of daylight saving time.

BETA CHAPTER, SOROSIS, HEARS MRS. MANSFIELD

"Birdlore" Topic Presented Wednesday at Women's Club When Mrs. Simpson Was Hostess.

BETA CHAPTER, Mansfield Sorosis, met yesterday at the Women's Club to hear Mrs. Harold Mansfield, the speaker for the afternoon, discuss "Birdlore." Mrs. Virt A. Simpson was hostess for the afternoon and Mrs. Stuart Baird presided.

Mrs. Mansfield reported on the fundamentals of bird study and explained how it can become an interesting hobby. "One rarely realizes that the relationship of bird to man is three-fold," the speaker said, "scientific, economic and aesthetic."

Mrs. Mansfield closed her talk by describing the sounds and calls of some of the outstanding singers known to us in the bird world. Mrs. Richard Wolford gave a demonstration of each of these calls on the piano. Mrs. Mansfield described in detail the habits and peculiarities of the song sparrow, which bird she called "one of nature's cleverest song geniuses." She explained that the song sparrow was able to sing a half-dozen songs that were substantially different than the other birds' songs.

The speaker elaborated on the environment of different birds and their habits.

The next meeting will be held May 4 at the Women's club. The hostess will be Mrs. Richard Wolford. The topic will be "The United Nations, its Aims and Achievements" conducted by Mrs. Ralph McGrew.

Two Chapters Hold Parties This Week

Two chapters of Delta Theta Tau sorority convened this week for special parties. Thirty-two attended the dessert bridg party held for Zeta Rho chapter members in the clubroom of the Mansfield Leland hotel. Hostesses were Mrs. Richard Porch and Mrs. Fred Lewis. A brief business session was in charge of the president, Mrs. Thomas Scott.

Eight tables were in play with prizes presented to Mrs. Richard Talmage and Mrs. Lyle Ernsberger.

Plans were discussed for the Mothers' Day breakfast to be held May 8 at the Sky club with Mrs. Robert Walter as chairman. A rummage sale will be held May 5 at 262 North Main street.

A Child Is Being Natural When He Is Being Curious

It may be that curiosity can be an annoying characteristic, but it would be an uncommon child who didn't have his share.

Junior and Janie aren't quite as "dumb" as adults seem to think, and their curiosity on the A-bomb, scientific phenomenon, and how things work in general is a normal growing process which should be satisfied. Curiosity can sometimes breed terror and fear can breed insecurity — and who wants frightened children?

The simple explanations of what makes fog, how light bulbs light, why faucets leak, why window screens are painted, may be everyday knowledge to an adult, but these things are wondrous to little boys and girls.

When Junior takes Dad's screwdriver and dismembers everything unscrewable, it might be a good idea to show Junior how to change the washer in a leaky faucet with the aid of the screwdriver. If Janie sticks her finger in an electric socket and scares both you and herself half to death, it could be, that by showing her a burned out fuse, the fusebox, the electric meter and tracing the wiring through the house, that she would know both the dangers and wonders of electricity and wouldn't run in terror when you asked her to help you plug in the vacuum cleaner.

A bookful of "thou shalt nots" hurled at children who are exploration-bent might only result in concoctions of "poisons" made of crayons and ketchup, of de-alarmed alarm clocks and pollywogs in the new washing machine!

In a scientific world of man-harnessed natural wonders, time and labor saving devices, and mechanical gadgets which seem to call for immediate dissection, there is more than ample room for children who understand the world they live in and aren't afraid to call it their own. It was a very wise man, Phillips Brooks, who said: "The future of the race marches forward on the feet of little children."

If pie dough is chilled thoroughly before it is rolled out it will be much easier to handle. Use the leftover scraps by cutting them out with a cooky cutter and sprinkling with finely ground nuts and sugar and cinnamon. Or cut in strips and sprinkle with grated yellow cheese and paprika for cheese straws.

A new liquid masking tape greatly reduces time and effort in painting by keeping paint and other coatings off wood, glass, metal and other surfaces. When paint is dry the plastic shield can be peeled off like tape.

SEVEN-MINUTE FROSTING

Two egg whites, unbeaten; 1½ cups sugar, dash of salt; 1-3 cup water; 2 teaspoons light corn syrup; 1 teaspoon vanilla. Combine egg whites, sugar, salt, water and corn syrup in top of double boiler. Beat with rotary egg beater or electric beater about 1 minute, or until thoroughly mixed Cook over rapidly boiling water, beating constantly with rotary egg beater (or at high speed of electric mixer) 7 minutes, or until the frosting will stand up in stiff peaks. (Stir frosting up from bottom and sides of pan occasionally with rubber scraper, spatula, or spoon.) Remove from boiling water. Add vanilla and beat 1 minute, or until thick enough to spread. Makes enough frosting to cover about 16 large or 2 dozen small cupcakes.

CHOCOLATE SEVEN-MINUTE FROSTING—Make recipe for Seven-Minute Frosting. After adding the vanilla and beating the mixture until thick enough to spread, fold in gently but thoroughly 2 or 3 squares unsweetened chocolate, melted and cooled. Then spread on cupcakes.

COCOANUT SEVEN-MINUTE FROSTING—Make recipe for Seven-Minute Frosting and spread on cupcakes. Sprinkle generously with shredded cocoanut while frosting is still soft.

CHOCOLATE SHADOW FROSTING—Make recipe for Seven-Minute Frosting and spread on cupcakes. Melt 1 square unsweetened chocolate with 1 teaspoon butter and dribble from teaspoon over frosting cupcakes.

Horoscope

By GENEVIEVE KEMBLE

For Friday, April 22

DESPITE a sate of stubborn opposition, stagnation or frustration, with much obstruction of fervent objectives or plans, a sudden and quite unforseen event or intervention is likely to give a definite spurt of lagging interests and fortunes. Quick action in execution of some brilliant idea, an inventive break or a dynamic determination to remove obstacles or smash all blocks or interference is forecast. Exceptional ability, ingenuity, innovation, perhaps a unique discovery could attract public approval and support.

For the Birthday

Those whose birthday it is may enjoy some sort of unforeseen and unpredictable favor, approbation or tangible assistance from influential sources, a timely intervention in putting over a bright idea or plans, an original or ingenious discovery with outpof-the-ordinary or routine techniques. This may be a spectacular spurt of creative skills, inventions or novelty, attracting public interest and possible acclaim. An enthusiastic and vigorous launching of such projects or inventions could convert stubborn obstacles to success, winning staunch cooperation or practical participation and resources.

A child born on this day may be expected to sweep all before it in some brilliant coup, talent or discovery, its originality and genius, inciting public recognition, obliterating strong personal opposition or obstacle to success.

Sand-Colored Accessories New

Sand-colored accessories, especially planned to compliment a deep tan, will be fashion news this summer in all the gay resorts, predicts the May issue of CHARM, the Magazine for the Business Girl. And, for after-vacation-time, the same sand-colored hats, bags, gloves, and belts will be Big News with city dresses.

Highlighting CHARM's accessory collections are gloves, the back of the hand woven of straw, the palm made of sand cotton, a pure silk scarf splashed with sand colored peanuts, and a leather lined Madagascar straw belt, with a tiny perfume vial hanging from the buckle.

A hotel in St. Paul emphasizes an added service feature — its guests can choose between sleeping under an electric blanket or a stack of regular ones.

TO ACCOMMODATE THE UNPRECEDENTED DEMAND

BLUE SHIELD

The non-profit Doctors' plan that pays your surgical bills!

Records show that 1 out of every 5 families will require surgical, childbirth or fracture care this year. Blue Shield provides CASH for such care—up to $150.00 for a single operation! All benefits are paid direct to the subscriber—and you choose your own physician or surgeon. Benefits are payable anywhere in the world.

A Proclamation By Mansfield's Mayor, Roy W. Vaughn

WHEREAS, the American Hospital Association and the American Medical Association through the Blue Cross - Blue Shield Plans have made it possible for 33,000,000 Americans to secure the finest prepaid surgical and hospital care, and

WHEREAS, these are the only Plans approved by your local hospitals and the Richland County Medical Society; and

WHEREAS, there is a definite community need for each resident to protect himself and family against the costs of unpredictable illness; and,

WHEREAS, the benefits of these non-profit prepayment Plans are now being made available to all residents of Mansfield regardless of age or physical condition, through the endorsement of the Mansfield Chamber of Commerce; and other organizations;

NOW, THEREFORE, I, as Mayor of Mansfield, in recognition of these Plans which have contributed so greatly to progress in health care, proclaim April 12, 1949 to April 23, 1949, as

BLUE CROSS -- BLUE SHIELD DAYS

attesting to the farsightedness of the Hospital and medical Profession in making it possible for the citizens of Mansfield to secure this protection.

I urge every citizen to consider seriously the benefits these non-profit Plans will bring to each family and our entire city.

Signed:
Roy W. Vaughn, Mayor
City of Mansfield, Ohio

BLUE CROSS

The non-profit plan that pays your hospital bills!

More than 33 million persons throughout the country enjoy the protection of this big benefit, low-cost plan. Blue Cross pays your hospital bills in any recognized hospital in the world. Give yourself and your family this vital protection—you cannot afford to be without it.

Who May Enroll:

Regardless of age or physical condition, if you are retired, unemployed, self-employed such as a farmer, doctor, lawyer, business man, etc., or if you work for a firm where there are less than 10 persons employed, you are eligible to enroll in Blue Cross and Blue Shield.

How to Enroll:

There is no physical examination necessary, no red tape of any kind. Just go to enrollment headquarters where an authorized Blue Cross and Blue Shield representative will assist you in filling out a membership card—that's all there is to it.

Greeks Were First to Use Idea Of Chorus Girls With Bare Legs

The Greeks were the first to devise the idea of girls displaying their legs. That was about 3,000 years ago. . . . The government passed a law making it mandatory for all girls to wear slit dresses. (To induce more bachelors to marry).

Then, one of the stage productions of the time incorporated the idea, but it wasn't until the 19th Century (when the play was revived in London) that anything more than a femme ankle was viewed in the theatre. The year was 1860 and the show was "The Mask of Comus."

Chorus girls were so called because they used to warble as well as dance. ("We are the girls of the chorus, ta-ta, ta-ta, ta-dum.")

Most chorines in the B'way places are out - of - towners, usually from Texas. Not two handfuls of the current crop are New Yorkers.

The salary of a chorus girl ranges from $50 to $100 per week.. Few make more than $75. (And are broke by Monday.) The career of a chorine is hardly more than 5 years . . . Many started in show business by heading for the ballet, but got too tall.

The average chorine will tell you the best way to keep your figure is stay away from poor food and poor boy friends.

The average girl (despite her eternal hope of becoming a star) stands a 3,000 to 1 shot of going to Hollywood fame . . . Joan Crawford, Barbara Stanwyck, Alice Faye, Celeste Holm, Myrna Loy, Lucille Bremer, Adele Jergens, Joan McCracken and June Allyson are rare exceptions.

Chorus Equity (their Union) lists a national roster of about 4,000 for Broadway shows and touring troupes. The average gal gets less than 4 months' work during the season . . . The steadiest work is found in such big theaters as the Music Hall and the Roxy. Some spend their career there, interruping only for marriage . . . A chorus call brings in from 50 to 1,000 of them. When they are turned down, their "defeat" is something terrible to see.

In the Gay 90s Stage Door Johnnies stood little chance of "dates" because the money lads concentrated on the headliners such as Lillian Russell, Josie Mansfield, Frankie Bailey, et al . . . Not until Florenz Ziegfeld came along did the cuties come into their own.

Chorus ladies of that era were required to be "ravishingly plump." Fay Templeton, for example, was a chorus girl in a musical called "1492." She tipped the scales at a mere 183.

The Cotton Club in Harlem (during the Gangster Era) had some of the most famous chorus gels. The top name in show biz today is Lena Horne. She quit high school at 16 to join that line . . . The fast and furious dancing routines were so "perfect" that during its dozen years the Cotton Club employed only about 150. The job was that steady.

Television Show Finds Writer Involved In Female Argument

IS TELEVISION any more than keeping your mouth a-wide and your eyes a-gleam?

I don't know for sure except I've been on the darn thing. That is, I've been on a television program.

Just how to talk to the rest of you who haven't had this adventure I'm not sure. After all, you don't know, do you?

In other words, life has passed you by. And I, like a good fellow, want to tell you what it's like.

I would say there are two ways to meet television—male and female. I am male. That is the downstairs technique. You sit there on a couch until the program starts.

Ah, but if you are female! That is a different matter. That is the technique above. The lady goes upstairs and gets herself over - hauled — as if a simple thing like that would surprise you when she came back down.

But it does surprise you. If it doesn't — you are no gentleman at all. It is like little girls running up the steps and playing mamma red Indian. When the girls come hoppity - step down, you just have to mention that Miami sunburn on their faces.

Of course the selfish male — and what male isn't selfish?— may wonder why they don't bother to put an indoor tan on his face. The answer is very simple. Who cares about him anyway?

★

At the present stage of television the only people who take care to see that they look right on television are those who earn their daily bread that way. And guest ladies. You know guest ladies always want things done right.

And guest men? Well, I was a guest man. There I was—and what was I to say?

They don't tell you that. All of a sudden the lights come on. The lights really come on under television. They come on fast and hard.

And all of a moment there you are with two or three cameras pointed at you waiting for you to say something important. And all you can think is "what will posterity think?"

And posterity isn't even on the program—that is one thing that isn't scheduled by television yet.

Well, you are between two girls and you are supposed to be talking about a book called "How To Be Happy While Single."

And you say you don't think anybody can be ecstatically happy single or any other way. And the lights get hotter and the questions come faster and finally you wind up trying to defend this idea:

"Everybody has to be lonely in this world, but marriage makes it possible for two people who like or respect each other to be less lonely together."

After that I lost all sense of television. I was up to my ears in female argument. Not an unfamiliar position, either, for a man married nigh twelve happy years.

Telephone Case Again Continued

City Wants Land Description Changed

An appropriation proceeding brought by the City of Mansfield against the Mansfield Telephone company has been continued to permit the city to make changes in the description of the property sought. The case had been set for hearing today in Common Pleas court.

The city seeks to appropriate a 60 - foot right - of - way owned by the telephone company in order to extend East Fifth street from Snyder street to the Ashland road.

City Solicitor C. J. Kalbfleisch said the description in the appropriation petition must be amended to extend to the center of Ashland road, since the original deed showed the property extended to that point.

He added the description must also be changed because since the time of the original deed the center of the Rocky Fork creek, which is a boundary line of the property sought, has shifted. The new description to be prepared by the city engineering department calls for .48 of an acre more.

Kalbfleisch said city council must put the new description in its appropriation ordinance before the petition can be amended.

City Gets Bids On New Auto

The Brandenburg Chevrolet company turned in the low bid yesterday on a new car for Service-Safety Director Earl T. Garrison.

Garrison said today that Brandenburg offered a Chevrolet for $1,560.30. Next lowest bid was turned in by Colby and Earick Plymouth dealers who bid $1,623.05.

Other bids included: Schonauer Plymouth Sales, $1,780.65; Gibson Motors (Studebaker), $1,7971.74; Weidner Pontiac, $1,818.50; and H. W. Wentz (Nash), $1,847.13.

Meet Tonight On Clean-up

Final preparations will be made tonight for the "Clean-up, Fix-up, Paint-up, and Control Rats" week to be held in Mansfield the week of May 2 through 7.

Albert L. Allen jr., chairman of the Mansfield Chamber of Commerce fire prevention committee which is sponsoring the "spring house cleaning," will meet with his committeemen at 7 p. m. in the Chamber assembly room.

The Mansfield Junior Chamber of Commerce is sponsoring the rat extermination part of the campaign and will have its representatives at the meeting to plan their part in the clean-up project.

SENATORS VISIT SLUMS—To prove his point in arguing for the Senate housing program, Senator Paul H. Douglas (D) of Illinois (second left) conducts four colleagues on a tour of Washington's slums. Other senators are Theodore F. Green (D) of Rhode Island (left) and, from right of Douglas, Wayne Morse (R) of Oregon, Raymond Baldwin (R) of Connecticut and Homer Ferguson (R) of Michigan.

4,000 Enroll In 2 Plans

Drive Continues For Insurance

John D. King, enrollment supervisor for Blue Cross and Blue Shield hospital and surgical plans, announced today approximately 4,000 persons have signed up for the group insurance in Mansfield and Richland county.

King said several Mansfield companies have opened negotiations for the establishment of the insurance plans for their employes.

The Richland Turst company has signed the first of these contracts to provide protection for its approximately 20 employes and their families, King said.

C. N. Sutton, executive vice president of the bank, said the board of directors voted not only to put the group plan into effect, but to pay the premiums for its employes.

Community enrollment in the plan has been extended through Saturday and applications are being taken at stations in the M. O'Neil company and the Farmers Bank building.

The drive originally was scheduled to close last Wednesday but was extended due to the heavy demand. A similar demand in Shelby caused the enrollment there to be reopened also, King said. The Shelby drive extension is scheduled for Friday and Saturday.

Mrs. Fox, 81, Succumbs

Mrs. Matilda Sabina Fox, 81, mother of Howard W. Fox, of Mansfield, died in Cleveland this morning. Mrs. Fox had made her home with her son, James M. Fox, in Cleveland for the past 15 years.

She was born in Chatfield, March 7, 1868, and spent most of her life in Crawford county.

In addition to her sons here and in Cleveland, she is survived by another son, Walter Forrest, of Los Angeles, Calif.; a sister, Mrs. Lucy Rush, of North Plainfield, N. J.; two brothers, Jacob Lutz and Dan Lutz, both of Crawford county, and two grandchildren.

Christian Science services will be held at the Bennett-Sharer funeral home in Cleveland at 8 p. m. Friday. Graveside services and burial will be in Bucyrus at 11 a. m. Saturday.

Kaye Cancels Engagement

Sammy Kaye has canceled his engagement at the Ohio theater April 26, Robert Lytle, manager of the theater, announced today.

Kaye and his orchestra were booked several weeks ago for a one-day stand at the theater. However, the orchestra leader recently signed a contract for a radio show, making it necessary for him to cancel all his tours, Lytle said.

Lytle reported Kaye said if it is possible he would try to make a tour sometime in June or July.

2 Counties OK Creek Project

Richland and Crawford county commissioners in a joint-meeting held here today voted the improvement of the five-mile long Paramore creek, and ordered a survey, plans and a list of assessments prepared. A second and final hearing will then be held.

Plans call for cleaning and minor straightening of the creek. The creek is in Sharon and Sandusky townships in Richland county and in Jackson and Jefferson townships in Crawford county.

Only $557 Reported In Cancer Campaign

The first report on the progress of a drive to raise $18,000 for cancer control in Mansfield was made by campaign headquarters this morning.

Miss Marjorie Jona, who is in charge of the campaign office at the YMCA, said a total of $557 has been received since the drive opened Monday. The campaign will continue through April 30.

Mrs. Jona said all contributions so far have come from persons and organizations on the campaign mailing list, since no check of coin boxes has been made yet.

Approximately 550 letters were sent out by campaign workers prior to the opening of the drive.

Funds raised in the drive, being conducted by the Mansfield unit of the American Cancer society, will be used to assure continuation of the Mansfield cancer clinic, according to Charles Spreng, general chairman of the campaign.

Maxine Gets Second Melon

NORTH ROBINSON — A second large watermelon has been given to Maxine Rudd, 11-year-old cancer victim, who is unaware that physicians give little hope for her recovery.

The child's request for a watermelon gained national attention with the first melon being flown to Ohio from Florida, the gift of Dr. George H. Roth of Hollywood, Fla.

The second melon was the gift of William Callif and Sons, Columbus produce merchants. It was obtained in Chicago.

Brownie Troop 82 Has Picnic Lunch

Twelve members of Brownie Troop 82 took advantage of the school vacation to hold a picnic lunch at the home of their leader, Mrs. Lester Ruhl, 517 Grant street, Wednesday.

Following lunch, games were played and group pictures were taken.

Mrs. Howard Shoup, co-leader of the troop, assisted with the picnic.

628 Enter Hospital

Wayne A. Copeland, superintendent of the Mansfield General hospital, told members of the board of trustees last night a total of 628 persons had been admitted to the hospital during the month of March.

Copeland gave the March hospital report at the monthly meeting of the hospital board.

He said admissions averaged nearly 21 persons per day last month.

During the month the hospital had an average of 188 patients per day. A total of 147 babies were born at the hospital last month and 310 operations were performed.

Copeland said the hospital handled 147 accident cases last month, a figure he considered large for a city the size of Mansfield.

Mrs. Schneider's Father Stricken

John Durr, 65, father of Mrs. Alfred Schneider of Mansfield, died yesterday at the home of another daughter, Mrs. Bernard Bradley, in Glassport, Pa.

Surviving, besides Mrs. Schneider and Mrs. Bradley, are two other daughters, Mrs. Paul Yesensky, Glassport, and Mrs. Joseph Kaeslin, McKeesport, Pa.; and one son, Edward Durr, Ferndale, Mich. Burial will be in McKeesport, Saturday.

Sued for $1,736

Friebel and Hartman, Inc., Shelby contractors, were sued today for $1,736 plus interest from Aug. 31, 1948. The action was filed in common pleas court by the Chelsea Elevator company, of New York, which contends the amount is due on an electric dumbwaiter.

HOUSE OF ROMANCE—
A former Mansfielder now lives in a home whose walls hold the secret of a "letter romance" between a Quaker school teacher and a New York poet which dates back to 1835. Miss Ruthana Lupton, who lived here for a number of years, now resides in Albi Cottage, in the village of Mt. Pleasant, O., with her cousin, Miss Elisabeth Lupton. A Sunday pictorial magazine carried the story of the more-than-100-year-old romance and spoke of the two women who now live in the cottage. The Quaker teacher was Abbie Flanner; the poet Fitz-Greene Halleck, celebrated in his day as one of the country's leading geniuses. The romance was carried on by letters and the two never met. Miss Elisabeth's parents bought the old house many years ago and restored it. The two Luptons now living there are Quakers just as was the school teacher who lived in the cottage long ago.

OUT OF ORDER
A woodcock which violates all the rules of nature experts has been found by Marion Hundley, Mansfield bird enthusiast. Hundley found the bird's nest in an old orchard (they usually nest in the woods;) the nest is made of grass (experts say 'never', the bird always nests on a few leaves;) and the eggs are very dark and spotted (experts claim the eggs are light and spotted). The clutch was found near Johnsville and Hundley has been taking color photos of the eggs. To make the bird even more of a puzzle, the eggs were laid around April 2, two weeks earlier than the normal nesting period.

★

BUSY WEEK—
Two members of the Mansfield Chamber of Commerce have been active this week in addressing other chamber bodies in the state. C. L. VanDerau, a past president and a present member of the board of directors of the Mansfield C of C, spoke to the Findlay Chamber last night on "Trends of the Times." Louis Bromfield, a long-time promoter of the Mansfield C of C Farmer club, addressed the Tiffin Town and Country club Tuesday night. The Tiffin club is the farmers' group affiliated with the Tiffin Chamber of Commerce.

"LADDIE" COMES BACK—
"Laddie Came Home" and any resemblance to a movie title of the same name is coincidental. In any case, "Laddie," an Irish Setter belonging to Mr. and Mrs. Russ Snodgres of Mansfield, R. D. 6, was returned home yesterday after getting lost in Columbus two weeks ago. Mrs. Snodgres said "Laddie" was found through a newspaper ad, and the man who had picked up their dog refused any reward. The man found the setter just a block from where "Laddie" had wandered after being left in the car.

Property Listed at $344,000

Stamp Albums Worth $14,000

The estate of James M. Dickson, who died Feb. 28, was appraised at $544,444, an inventory filed in probate court showed today. It includes several valuable downtown properties and a stamp collection worth $14,947.

Mr. Dickson developed the Woodland residential section and had a controlling interest in the Stuhldreher Flower company. He was a director of the Farmers Savings and Trust company.

Mr. Dickson's one-half share in the building on Walnut street from Third street to the alley; which houses the Evergreens restaurant, the Third street market, and a candy store was appraised at $106,000.

His one-half share in the buildings housing Scattergood's store and Nobil's shoe store, on Main street, and extending to Walnut street, was appraised at $110,000.

The other halves of those properties are owned by his sister, Lillian. His home at Stewart lane was valued at $55,000. A property at 24 North Mulberry street was appraised at $26,000.

In all, his real estate holdings, including a one-acre parcel at Trimble and Hanna roads, and 18 other lots in Mansfield, and a 19-acre farm in Washington township, were valued at $344,510.

TRUST FUND ASKED
Personal goods, including the stamp collection, were valued at $27,921. Stocks were valued at $98,941, including Farmers Savings and Trust company, $50,680; Stuhldreher Floral company, $37,762, and Richland Hotel company, $5,580.

Accounts and debts receivable totaling $73,058, included a $70,398 savings and checking account at the Farmers Savings and Trust company.

The will stipulated that a trust fund be set up to build an auditorium for the Woodland school and that other sums be paid to the Humane society, the First Presbyterian church, Friendly House and Mansfield General hospital.

These sums will not be paid until 21 years after the death of the last beneficiary named in the will. The money for the legacies to the public agencies will come out of the sale of Mr. Dickson's one-half interest in Dickson property at Third and Walnut streets.

Miss Lillian Dickson, sister of the deceased man, is the principal heir. Seventeen other persons were left monthly allowances. Nineteen persons, mostly relatives, were left a total of $17,500.

The Farmers Savings and Trust company was named executor and trustee of the estate.

Crash Injures 2 At Leesville

GALION — Two women are in City hospital here in "fair" condition after suffering injuries yesterday afternoon in a collision of autos in nearby Leesville. The driver of the car which struck the machine in which they were passengers was charged with reckless operation by state highway patrolmen.

Mrs. Anna K. Volk, 71, of Westfield, N. J., suffered a fractured leg and body bruises and Mrs. Lulu Bickley, 67, of Sandusky, suffered a fractured collar bone and head lacerations.

Crawford county sheriff deputies reported the women were riding in a car driven by Samuel J. Bickley, husband of one of the injured women, when it was struck by a car driven by George F. Blocker, Crestline. Patrolmen said Blocker failed to heed a stop sign at the intersections of Routes 598 and 229 as he was approaching east on Route 229.

The Blocker machine crashed into a telephone pole near the intersection and snapped it off.

Filipino Girl to Address YW Members At Vesper Rite

The celebration of National YWCA week will begin in Mansfield with vesper services at the YWCA at 3:30 p. m. Sunday. Similar worship services will be held simultaneously in the 440 community and 609 student associations in this country.

Guest speaker at the Mansfield service will be Miss Filomena Florendo, native of the Philippines who was director of emergency services of the YWCA in Manila during the war.

Miss Florendo will speak on the general theme for the week, "The YWCA, Your Window to the World."

A film, "To All Who Believe in Youth," will be shown following her talk. This film will be available during the week for clubs which wish to show it.

The program will be concluded with a tea with the World Fellowship committee serving as hostesses. Mrs. P. M. Wragg is general chairman of the tea. Mrs. Maurice Lybarger will be in charge of the tea table, and Mrs. A. M. Colby in charge of decorating rooms.

YWCA activities Monday will include meetings of the freshman, junior, and senior Blue Tri clubs, and a Hy-Fun council dance at the YMCA, jointly sponsored by the YW and YM.

The spring term of the YWCA "Ladies Day Out" program will begin Tuesday. At 7:30 p. m. there will be a discussion group of the Youth Forum, aco-ed group sponsored by the "Y."

Wednesday the YWCA Employed Girls club will hold a dinner meeting at the association building beginning at 6:15 p. m.

The sophomore Blue Tri club will meet at 7 p. m. Thursday.

The week's activities will be concluded with a repeat showing of "To All Who Believe in Youth," at the YWCA at 3:45 p. m. Friday.

Uncle Sam Takes Over Huge Load

Will Spend 2½ Billion for Goods

As a result of its price support operations, the government today owns or has pledged to take off the farmer's hands $2,480,000,000 worth of farm commodities.

The box score on each commodity (including government holdings and commitments) is:

Wheat — 355,000,000 bushels, $721,000,000.

Cotton—4,329,519 bales, $675,900,000.

Corn — 219,000,000 bushels, $306,000,000.

Flaxseed — 29,000,000 bushels, $131,000,000.

Wool—91,426,000 pounds, $74,153,000.

Dry beans— 85,000,000 pounds $56,000,000.

Peanuts — 496,000,00 pounds, $58,000,000.

Barley — 47,000,000 bushels, $53,200,000.

Grain sorghums — 1,970,000, $48,000,000,000 pounds.

Eggs—34,051,000 pounds, $43,362,000.

Linseed oil—128,400,000 pounds $35,300,000.

Potatoes—1,335,500,000 pounds, $17,700,000.

Rosin — 210,880,028 pounds, $16,970,000.

Send Fund Reminders

George H. Smith, chairman of the Salvation Army's advisory board, said today cards are being sent out this week to remind Mansfielders of the Army's campaign to raise $15,000 for remodeling its building.

A total of $1,800 has been received in contributions to date, Smith said. He added that although the campaign was off to a slow start, he considered results good so far.

Smith said he was confident the organization would reach its goal and added the campaign would continue until the goal was reached.

Contribution checks should be made payable to Guy H. Lautsbaugh, treasurer, and sent to campaign headquarters at the Mansfield Printing company.

Kirk Awarded Smith's Post

WASHINGTON — (AP) — Vice Admiral Alan G. Kirk yesterday was appointed ambassador to Moscow.

Kirk is being transferred from the ambassadorship to Belgium. He also has been serving as minister to Luxembourg.

At Moscow, Kirk will succeed Lt. Gen. Walter Bedell Smith who was relieved recently to take command of the First Army in New Yprk.

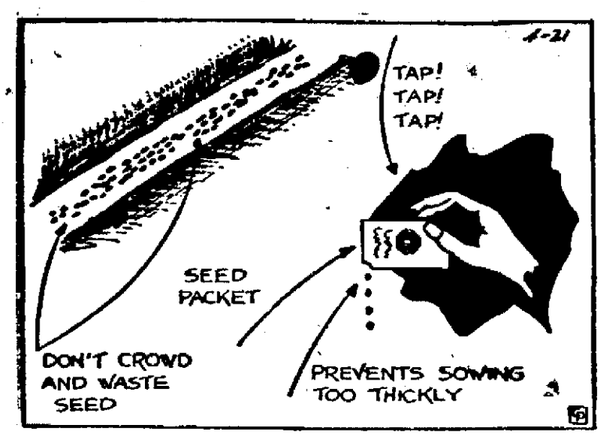
Today's Garden Graph

How to Seed Without Waste



By DEAN HALLIDAY
(Central Press Association)

A comparatively small quantity of seed is required to plant the average home vegetable garden.

When ordering seeds one should take into account the fact that the very small seeds, such as lettuce and carrots, can be spaced 4 to 5 seeds to the inch. The medium size seeds, such as radishes and beets, can be spaced two seeds to the inch, while large seeds, such as beans and peas, are usually planted about two inches apart.

Therefore, don't sow seeds too thickly and waste them. An illustration in the accompanying Garden-Graph shows what is meant by over-crowding and wasting seeds.

In general, the procedure for seed planting is to make a shallow trench with the corner of the hoe alongside the string which marks the row. Tear off a corner of the seed packet, and hold it open with the hand, as illustrated. Tap the side gently with the forefinger of the same hand, letting the seeds fall out thinly and evenly as you move along the row. By this method one can control the amount of seeds dropped.

Tiny seeds can be handled easier when they are mixed with 10 times the quantity of sand. Unless mixed with sand in this proportion such tiny seeds are apt to be planted too thickly.

Small dark colored seeds, or those which are the same color as the soil, are more easily seen and properly spaced if whitened with talcum powder before planting.

In ordering seeds, remember that about one-half ounce of radish seeds will plant a 100-foot row, an ounce of beet seeds will be needed for the same length of row, and a pound of bean seeds for the same distance.

Awaits Trial In Alleged Cattle Theft

COLDWATER, MICH — (AP) — Leroy P. Nolan, 20, of Dayton, O., has been ordered to stand curcuit court trial on a charge of attempted larceny of livestock.

Nolan was accused of trying to steal two Holstein cows from the herd of William Rice, Coldwater township farmer, Jan. 17.

He waived a preliminary hearing before Justice Irving L. Stansell and was held in default of $10,000 bond.

'Peace' Congress Opens With Hot Attack On United Staes

PARIS — (UP) — Dr. Frederic Joliot-Curie, France's communist atomic energy commissioner, keynoted the leftist World Peace congress yesterday with a bitter attack on the United States.

He told the opening session of the Congress that the United States is rearming for war to prevent another economic depression and said:

"We must persuade those who believe, or pretend to believe, their assumed atomic superiority would give them a lightning victory that such a war would be bloody for everyone, including the nation that started it. The atomic weapon will not be decisive in a world conflict.

"I am convinced that tens of millions of Americans ardently want peace, but a small group of businessmen believe that by sacrificing European lives, they will save their own."

More than 2,000 delegates from 69 countries, including royalty and intellectuals, were on hand for the first session of the companion meeting to the recent "peace conference" in New York City. Among those in attendance were Paul Robeson, American Negro singer; Ilya Ehrenberg, Soviet writer; Princess Elza Cedergren Bernadotte, niece of King Gustav of Sweden; and writers, artists and scientists from Chicago to Vladivostok.

What can we do to make your A&P store a better place to shop?

A few months ago we ran an ad asking our customers to write us their answers to this question.

The thousands of answers that came in were very helpful and have given us a blueprint for our activities during the coming year. We want you all to know that we appreciate your suggestions and we are striving to give you the things you asked for.

But if we are to keep on doing the best job for our customers we must stay up-to-date on your wishes. The thousands of A&P employees from coast to coast hope that you will continue to give us your suggestions and criticisms.

A&P

ONLY CORN-FED STEERS ALLOWED!

...That's Why A&P Beef is SO DELICIOUS!

Because the tenderest, juiciest beef comes from corn-fed steers, that's the only kind A&P's buyers select for "Super-Right" steaks and roasts. And they're just as particular when it comes to pork, lamb and veal, choosing these meats from the best the country produces. So it's not surprising that "Super-Right" meats are so delicious. What is surprising is their cost . . . always the lowest consistent with such fine quality! Stop in and see!

WHAT A THRILL TO LOOK AT A
Surf-Clean WASH!

—Because no other washing product contains Surf's *Dirt-Removing Ingredient!*

BURY your nose in a real Surf-Clean wash. Smell that clean odor it has. Look at it, too, and see how the white clothes are white—the colored clothes bright.

Surf licks any dirt in your heaviest, dirtiest wash—and in any kind of water, no matter how hard. Surf suds come up instantly, and how those suds do last. No soap scum to yellow or gray white clothes or dull pretty colors. Surf licks dirty soap scum in any kind of water. Try Surf.

For the *Heaviest, Dirtiest Wash* even in Hardest Water!

Surf GIVES MORE SUDS THAN ANY SOAP KNOWN
HARDER WORKING SUDS THAN ANY SOAP KNOWN

Area Sportsmen Attend Columbus Fish Hearing

(Compiled from Wire Dispatches)

A number of area sportsmen, including E. A. Stuckman of Bucyrus and Philip Warren of Willard ere among those who descended on the state capitol this week to seek the closing of Sandusky bay to commercial fishing.

Proposals to turn the bay into a hook and line fishing paradise by closing the waters to commercial fishing were stoutly supported and opposed. Listeners jammed the capitol's biggest hearing room and overflowed into corridors.

Hook and line advocates said nets of commercial fisherman roiled the water, wrecked vegetation and spawning grounds and therefore should go. Commercial fisherman denied it and pleaded to keep their means of livelihood

Two bills by Rep Esther R Hardy (R-Sandusky) would ban nets from the entire bay and transfer the waters from the Lake Erie fishing district to the inland district That would give the State Conservation division power to regulate fishing there. A single measure by Rep. Edward W. Dechant (D-Lorain) seeks virtually the same restrictions but bypassed the conservation division. Bills by Logan and Rep Lowell Fess (R-Greene) would change the size of mesh in seines and forbid hauling of fish nets at night.

Henry G. Stahl of Fremont, president of the Sandusky county Chamber of Commerce, teed off for the hook and liners. He blamed Sandusky bay's decreasing fish population to pollution, siltage and "mismanagement of fishing."

Bucyrus, Upper Sandusky, Tiffin and Fremont are building or planning sewage treatment plants, he said. All are on the Sandusky river flowing into the bay. The federal government is working on erosion and siltage control, he added. That brought him to the commercial fishermen.

Victory Loop Picks Officers

All officials of the Victory bowling league were returned to office at the annual banquet of the group last night at the Sons of Herman hall.

Named to head the league again were: Wayne Au, president; Phil Renie, vice-president and Mick Roberts, secretary-treasurer.

Tony's Canfield, league winner, got the biggest cut of the $653.40 prize money. Home Interiors was second and Ideal Panel third. Harlow Hesson, OSR, averaged 172 while Earl Turner, Tony's, and Kenny Carlisle, Interiors, each had 169.

Patterson Gets Coal Grove Position Back

IRONTON — (AP) — Paul Patterson was re-appointed head football coach of nearby coal grove yesterday.

His contract had been terminated by the school board recently. He was re-hired after another candidate for the job failed to produce proper state teaching certificates.

Elementary Race Slated For Opener

Two team events tomorrow afternoon usher in the 18th star-spangled edition of the famed Mansfield Relays.

The 440-yard grade school relay and the four-mile high school relay comprise the entire Friday program with the "largest independent track and field carnival in the country" scheduled to get underway in full splendor Saturday morning.

Preliminaries in eight events (two sprints, two hurdles, shot-put high jump, broad jump and pole vault) are listed for 10 a. m. with the first of 17 finals scheduled for 1:45 p. m.

Eleven Mansfield elementary schools will compete in the opening event tomorrow at 3:15 p. m. with at least ten teams expected for the four-mile relay. Including this morning's entry, nine teams are scheduled to run the four miles. However, a few more contestants may be in when the entry list closes tonight at midnight.

Akron North's defending champions have not entered but the field includes teams from Cleveland Cathedral Latin, Cleveland West Tech, Akron Buchtel, Ashland, Springfield, Akron South, Mansfield, Cleveland East Tech and Akron East.

789 INDIVIDUALS

Relays Director Harry Mehock announced this morning that 55 schools and 789 individuals are already in the field. Mehock still believes that 70 schools and upwards of 1,000 school boys will compete for the $1,500 in prizes.

Latest entries include: Galion, 13; Bellville, 11; Columbus North, 5; Cleveland Benedictine, 14; Berlin Heights, 18; Cincinnati Walnut Hills, 7; Cincinnati Central Vocational, 11; Mt. Vernon, 9; Canton McKinley, 13; Akron East, 22; Cleveland John Marshall, 5; Cleveland East Tech, 30, and Lima Central, 22.

East Tech rates with Dayton Dunbar, defending state champion, Columbus Central; Springfield and Mansfield Senior High as the early favorites for the crown. Springfield won the Relays title in 1948 with Dunbar and Columbus Central tying for second.

★

A party for all Relays officials, visiting press and coaches is scheduled tomorrow night at 8 o'clock at the Sons of Herman hall. Officials ribbons and hats will be passed out at the party.

Oberlin Adds Lacrosse Club

OBERLIN — (AP) — Oberlin college has added Lacrosse to its varsity sports and Saturday will send its first yeoman Lacrosse team against Kenyon at Gambier.

Hugh (Gabby) Robertson is coaching the team, and Wally Sikes, a senior from Indianapolis, is captain. Other players include Dick Burket of Sandusky, Les Budd of Warren, Bob Duncan of Youngstown, Seth Johnston of Dayton, and three greater Clevelanders—Jack Shelley, Dick Utley and Len Fletcher.

Kenyon comes here for a return game May 20, and two other games are booked—Ohio State here April 29 and at Ohio State May 7.

Senior High Baseball Nine Blasts Barberton, 19 to 5

By CHARLEY STINE

BARBERTON—Mansfield Senior high school showed power to burn here yesterday as it opened its baseball season by swamping previously undefeated and unscored-upon Barberton, 19-5.

The Magics had won five straight games, all by the shutout route, but the Tygers showed little respect for the records. They broke the scoring streak before the first of six Barberton pitchers could get a single man out in the opening inning.

Mansfield went on to score four runs in that frame but fell behind 5-4 before blowing the game wide open. Thirteen hits rattled off the Tyger bats but it was 14 bases on balls given up by the ineffective Magic pitchers which made the game a rout. Lefty Naragon gave up seven passes in working five and one-third innings.

Senior high Pitcher Lou Gregorio was not up to his best form but was plenty good enough to win. He was bothered by lack of work in giving up eight free passes, an unusually high number for him. Gregorio allowed seven hits but only one after the third inning.

Little Cy Elsass, the junior right-fielder, was the batting leader of the day as he slapped out three hits and batted in four runs. Gregorio also got three hits and batted in three. One of the most encouraging things about the Tygers was that only four of them went down by strikeouts.

Mansfield opens its home season at 4 p. m. tomorrow by playing host to Marion at Liberty park. Shortstop Sparkie Watts is slated to take his first turn of the season on the pitcher's mound with Charlie Marchant moving in to short.

Tyger Tennis Club Opens Up With Triumph

FREMONT — Coach Fred Staub's Senior high tennis team started things off on the right foot here yesterday by defeating host Fremont Ross, 5-2.

The Tyger netmen captured three of five singles matches and won both doubles easily over a team which had won its only previous outing. Fremont had beaten Lima Central, 5-2.

Mansfield winners in singles were Bill Reale over Ralph Engle, 7-5, 3-6, 6-3; John Crouse over Bud Anderson, 6-4, 6-3; and Chick Young over Bill Kirsch, 6-2, 4-6, 8-6. Jim Morris lost to Phil Slaymaker, 6-2, 7-5, and Harold Schaus was beaten by Ronnie Whisler, 6-3, 0-6, 6-4.

In doubles Joe Vivian teamed with Schaus to beat Bill Beech and Slaymaker, 7-5, 6-1, and Reale and Crouse took the measure of Engle and Anderson, 3-6, 6-0, 6-2.

Senior high is to go to Norwalk next Friday afternoon for its next match.

Madison Cards 2 Ball Games

After more than a week's layoff, Madison high school's baseball team is to swing back into action with two consecutive games today and tomorrow.

The Rams were to make up a postponed game with Ashland at 3:30 p. m. today at Blue Goose park and then journey to Galion tomorrow afternoon for a regularly scheduled tilt.

Coach Blaine Dowler said that his No. 1 moundsman, Ray "Dutch" Bader would do the pitching today with either Jim McMillan or Gene Yohn throwing tomorrow. Madison has won one game and lost two.

Pro Fights Set Tonight At Madison

Mansfield's first professional boxing show in many months will come off tonight at 8:30 at the Madison theater under the auspices of the Mohican post of the Veterans of Foreign Wars.

Willie Russell, the Ohio lightweight champion, will come in over-the-weight to tangle with Sparkie Reynolds, former Indiana state welterweight champion from Indianapolis. They will mix it over the 10-round route with Russell a decided favorite.

Russell, the Columbus cutie, has kayoed Reynolds on each of two other meetings but the Hoosier battler has put up quite a show both times. Reports from Indianapolis say that Reynolds is a rough-tough fighter who puts on a good show.

A string of 42 knockouts in six years of boxing attests to Russell's lethal power. He once fought Ike Williams for the world's lightweight title.

They call Russell the "buzzsaw." After his victory last week in Akron over Tough Fred Marsh, Akron papers said, "Russell is approximately named. He was a virtual "buzzsaw" as he out-lasted Marsh in their 10-round test. It was a terrific brawl, one of the best offered here in recent years."

Dick "Honeyboy" Jones, former Mansfield light heavy, will referee the feature attraction.

SUPPORTS BOUTS

Two six rounders and a pair of fours round out the card. In the semis, Tommy Woodward, Delaware, 190 goes against Jack-Pot Davis, Fort Wayne, 190 and Jack Petty, Cincinnati, 135 meets Billy Todd, Columbus, 133.

Mansfielders George Kerestes, middleweight and Ray "Biff" Bennett, lightweight, appear in the openers. Bennett is the YMCA boxing coach while Kerestes specializes in wild swinging.

Kerestes will meet Bill Harrington, Delaware, and Bennett will go against Tiger Wills, Columbus.

Martha Dye Tops Richland Ladies With 535 Count

Martha Dye led the Richland Ladies bowling league last night with a 183-170-182-535 score. Her figure along with a 514 posted by Billie Cleckner helped Kay's Shoppe to a three game sweep over Mansfield Lumber.

Peg Walery of Fairview Bar tallied 485 and was followed by: Garnet Karl, Kay's Shoppe, 483; Lil LeMunyon, McCarrick's Gulf, 467; Helen McCracken, Fairview, 459; and Ev Swank, McCarrick's, 456.

★

Bob Tipul set the pace for St. Peter's Alumni with a 544 on games of 199-155-190. B. Oakes was runner-up with 536, Tom Tipul had 465, D. Smith 464, and Leo Kleshinski and C. Augustine, 430.

★

Dominion Electric Women were led by Sis DeWeese who turned in 479. Audrey Campbell was not far behind with 472 while Mary Milton had 418 and Edna Bricker 414. Gladys Indorf had 408 and Twyla Shields, 387.

Cleveland Evens Up 1949 Record, 7 to 3

ST. LOUIS—(INS)—Steve Gromek, the pride of Hamtramck, Mich., was to make his initial effort of the 1949 season today as he bid to give the Cleveland Indians a 2-1 series edge over the St. Louis Browns.

The defending champion Tribesmen evened the three-game set at one-all yesterday behind the seven-hit pitching of Bob Lemon, who copped his first victory of the season by dropping the Brownies, 7-3.

Gromek, who won nine and lost three with the Tribe as a "spot" pitcher last year, probably will be opposed by Dick Starr, a right-hander obtained from the New York Yankees last winter. Starr had a 14-9 won-lost record with Newark last year.

Prior to the Redskins' victory yesterday before 2,919 fans at Sportsman's park, Satchel Paige, the ageless Negro hurler, became the third casualty of the young season. Satch pulled a muscle in his leg while shagging fly balls in the outfield and will be out for at least two or three days.

Dale Mitchell and Bob Feller are the other two injured players. 'Mitch' suffered a wrenched knee while Feller is nursing a pulled muscle in his right shoulder.

SCATTERS SEVEN

Although Lemon scattered only seven hits throughout the contest, the Brownies managed to get three runs by virtue of two home runs, one by Dick Kokos in the sixth with the bases empty and the other by Jack Graham with one on in the eighth.

Outside of those two innings, however, the Browns were unable to get more than one runner to third base.

While the Tribe failed to clout a round-tripper for the second day in a row, they blasted 11 hits off the Brownies. Thurman Tucker led the parade with three bingles.

The Redskins scored their first run in the second inning, added three in the fifth and then blasted three more in the ninth, after the Browns had sliced the Tribe's lead to one run as a result of Graham's homer.

Mickey Vernon and Joe Gordon, the one-two combination in the Cleveland infield, knocked in two runs each. Gordon batted a pair of runs across the plate with a double and a single, while Vernon collected two one-basers. Jim Hegan, the hitting sensation of the spring season, was the only other Tribesman to get two hits.

Karl Drews started on the mound for the St. Louis club but was chased in the fifth when the Tribe scored three runs. He was replaced by Joe Ostrowski. Two other hurlers, Irving Medlinger and Bob Malloy, followed Ostrowski to the hill.

Triangular Meet Set for Tomorrow

NEW LONDON — The New London high school Wildcats will inaugurate their Firelands league athletic competition Friday when they journey to Huron for a triangular track meet, featuring Huron, Vermilion and New London.

This will be the first meeting of the Huron and New London thinlies, Vermilion's Sailors and the Wildcats having met regularly during the years of the old North high school athletic league.

Hot Stove Drive Hits Thousand

Membership in the Mansfield chapter of the Hot Stove league nears the 1,000 mark today according to Stan Kamen, who is heading the member drive.

All funds realized in the drive will go towards Mansfield's summer junior baseball program. Approximately $2,500 is needed to provide the "kids" on 30 teams with the necessary baseball equipment.

Next meeting of the Mansfield Stovers has been scheduled for Monday at 7:30 p. m. in the police identification bureau at the city building. Plans for junior baseball and the state Hot Stove convention here May 1 will be discussed.

Wooster with 12 delegates and Madison township, two, have already registered for the convention.

A meeting of the county Hot Stove league, composed of teams with players, 17 and 18 years of age is scheduled for next Monday also. Invited are managers of Mansfield, Madison, Lucas, Lexington, Union, Bellville, Shiloh, Ontario, Plymouth and Butler.
